Abstract

The cycle of violence being unleashed on Nigerians by the fundamentalist group, Boko Haram, has heightened fears among the populace and the international community that the hostility has gone beyond religious or political collocation. Going by the latest report from the Human Rights Watch(HRW), about 906 has been killed since 2009 when the sect began its onslaught on the country. The dangerous dimension the insecurity challenge has become a great source of worry as security experts affirm that what is on ground has shifted to the realm of terrorism, a global phenomenon where no one is safe. It is lamentable, however, that the security organizations have failed to tackle the challenges, even as they have

Activities Of Boko Haram And Insecurity Question In Nigeria:

Boko Haram and International Law John-Mark Iyi, Hennie Strydom, 2018-06-27 This book focuses on Boko Haram and terrorism in Nigeria framing the conflict in an international law context. It analyses the nature of political violence and the dominant roles of a violent nation state in both colonial and post colonial experiences and the rise of terrorism in Nigeria. The book unearths embedded evidence of religious nepotism on the part of state officials using such state institutions as Islamic Preaching Boards to promote one Islamic sect over another in mainly Muslim Northern Nigeria. The book offers insights into this subtle sectarian divide and how this and other subterranean elements have contributed to the rise of Boko Haram in Northern Nigeria beyond the dominant poverty terrorism nexus narrative. Furthermore, the book analyses the various components of Boko Haram's radical ideology, situates them in Islamic Jurisprudence and examines the philosophy of the group both in doctrine and practice, their interpretation of the Koran and the waging of Jihad and the extent to which they conform to the Islamic Sect Boko Haram claims to follow. The book then examines the basic doctrinal features and characteristics of Boko Haram, waging Jihad, prohibiting revealing dresses for women and mixing of genders, rejecting western values and institutions, denouncing scientific inquiry and democracy, hostage taking, sexual exploitation of captives and other aspects of *jus ad bellum* and *jus in bello* in Islamic jurisprudence and international law. Finally, the book analyses the plight of vulnerable groups such as internally displaced persons, the atrocities committed against women and girls in the Boko Haram insurgency and the inability of international law to enforce the protections offered to the victims. From the perspective of critical intellectual inquiry, the book also challenges a number of fundamental assumptions and encourages us to revisit our legal characterisation of certain concepts such as gender based crimes. It then goes further to analyse some legal grey areas in the Boko Haram insurgency such as the legal status of the Civilian Joint Task Force (CJTF) and the legal framework for holding members accountable for violations of international human rights and humanitarian law. Overall, the book represents a valuable contribution to scholarship, deepens our understanding and delineates how international law could respond to the Boko Haram insurgency in Nigeria in particular and terrorism in Africa in general.

Homeland Security and Terrorism in Nigeria Sheriff Folarin, Abiodun Raufu, Godwyns Agbude, 2024-10-15 As Nigeria grapples with critical homeland security challenges, Homeland Security and Terrorism in Nigeria: Crises, Climate Change and Counterterrorism analyzes these crises to deepen understanding of the Nigerian security dilemma and to seek pathways to a more secure homeland. This book examines the nature and dimensions of the security challenges focusing on terrorism and its stranglehold on Nigeria's peaceful existence. Leveraging a multi-disciplinary approach, this study combines a range of perspectives cutting across criminology, political science, sociology, history, international relations and strategic studies to dissect the subject and problem. Sheriff Folarin, Abiodun Raufu, Godwyns Agbude and the contributors explore the origins, dynamics and character of terrorism in Nigeria. They also examine the changing nature of Nigeria's security architecture as

well as adaptive coping mechanisms and counterterror measures in the homeland This book is a treasure for strategic and security analysts Nigerian and African security governance scholars political scientists and other students and scholars interested in researching Nigeria *From Communication Landscapes to Bullying Battlegrounds*, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 How and why does miscommunication lead to conflict and the abuse of power What is bullying and in what sense is it an abuse of power Drawing on the expertise of twenty five researchers from academia public and private spheres this work discusses these and a wide range of other questions relating to communication conflict bullying and the abuse of power Although ideally in a perfect world these questions would not even arise even if this should be Leibniz's best of all possible worlds it is still an imperfect world and so these questions arise and are in want of exploration The chapters comprising this work contain the fruit of multi and inter disciplinary discussions that occurred in an atmosphere of mutual respect and cooperation with the common goal of better understanding and advancing knowledge on these issues **Knowledge, Power, and Migration** Yasmeen Abu-Laban, Mireille Paquet, Ethel

Tungohan, 2025-06-17 As the field of migration studies has grown the asymmetrical relationship between researchers in the Global North and in the South has produced a body of work that centres the concerns of the former Those from the Global North and wealthier countries continue to produce the greater portion of this research while research from Global South scholars with lived experiences as migrants is received as anecdotal or too niche to have universal application **Knowledge Power and Migration** assembles researchers from across the divide to question the ways in which research practices can change the conversation on immigration It encourages a necessary curiosity about how scholarship in the field can shape global social and epistemic justice Migration is a constant in human history but the sharp decline in permanent resettlement options increasingly selective criteria and violent enforcement measures of the twenty first century constitute a crisis of immigration policy Only by redressing the inequalities it shares with global governance structures can the discipline confront this historic challenge Research on immigration can occasion reflections and practices that challenge epistemic injustices **Knowledge Power and Migration** contributes to this ongoing project while offering insights on the practical organization of new forms of dialogue on migration in a largely unequal world *Nigerian Politics* Rotimi Ajayi, Joseph Yinka

group relations Providing an overview of Nigerian politics that encompasses history economics and public administration this volume will be useful to students and researchers interested in African politics African studies democracy development history and legislative studies *The Test of Terrorism* Alastair Finlan, 2016-01-13 This book offers a timely and critical reflection on how states have responded to the test of terrorism in the long shadow of 9 11 Terrorism has become the hallmark of international relations in the early twenty first century This book provides a policy focused analysis of how certain states have responded to its test by employing a range of viewpoints that encompass state level responses down to a close interrogation of the nebulous non state actors who have orchestrated spectacular political violence in contemporary times It engages with the challenges of terrorism from a variety of perspectives that include philosophical discourses the perils of counterterrorism encapsulated in the death of Jean Charles de Menezes learning in counterinsurgency the effectiveness of counterterrorism spending Al Qaeda s modus operandi and the threat posed by Boko Haram to Nigeria This eclectic collection of chapters is an important contribution to the wide ranging and contested debate about terrorism that has dominated the political discourse in the West since 2001 This book was published as a special issue of Defense and Security Analysis *KASU Journal of Social Sciences* ,2012-12 *Zaria Journal of Linguistics and Literary Studies* ,2013-08

Otoabasi Akpan,2013-11-17 The Boko Haram insurgency in Nigeria should be seen as both a phenomenon and as an activity As a phenomenon it should be seen as expressions of injustice and de development in Nigeria and as an activity it should be seen as expressions of violence and destruction to satisfy orgiastic aspirations especially in some northern parts of Nigeria Again as a phenomenon the coverage of Boko Haram is the entire Nigeria while as an activity it has turned northern Nigeria into one boiling cauldron with fear being personalized while insecurity lurks in the streets With Boko Haram the sword of Damocles now hangs on every head especially in the northern region This deadly scenario provokes soul searching questions Why is Nigeria constantly enmeshed in deadly conflicts What conditions fertilize social violence in our societies What were the warning signals or accumulation of combustible materials that were ignored What conditions could engender peace and security in a plural society like ours Are the violence entrepreneurs engaging Nigeria in conversation or are they determined to crack its history Is Nigeria sitting on a keg of gunpowder Are Nigerian youths dissatisfied with the political economy of Nigeria Is the aggression of the Boko Haram a product of frustration religious messianism or terrorism How can the swords of Damocles in Nigeria be turned into ploughshares And how can the phenomenon of Boko Haram in Nigeria and its activities in some parts of Northern Nigeria be stopped These are some of the questions which the book tries to provide answers for

The Farfaru Journal of Multi-disciplinary Studies ,2013 *Impact of Boko Haram Insurgency on Nigeria's Relations with its Neighbours* Monsuru Rasaq,2017-08-17 Bachelor Thesis from the year 2016 in the subject Politics Region Africa grade 70 0 Obafemi Awolowo University course International Relations language English abstract This study unravels the impact of Boko Haram insurgency on Nigeria s relations with its Neighbours This study analyses the nature and character of Nigeria s neighbours and discovers that it is most time responsible for a low profile in Nigeria s foreign policy gesture towards them This phenomenon is not unconnected to their perception of Nigeria as a hegemonic power in its neighbourhood given Nigeria demographic economic and military preponderance over them This perception of Nigeria by its neighbours has over the

years contributed to their frosty relations notably the hostile gestures of Chad and Cameroon towards Nigeria the security concern that the internal crisis in Chad in the 1970s generated for Nigeria coupled with the presence of French forces in N Djamena at the eve of the Nigerian Civil War The study draws the attention to how Boko Haram insurgency further influences Nigeria s relations with its neighbours The outreach of Boko Haram insurgency beyond the boundary of Nigeria to include that of Nigeria s neighbours has worsened the existing frosty relations among them This is true if one considers the fact that the activities of the Boko Haram have gone beyond the north eastern part of Nigeria with its violent attacks on the Nigerien soil compounding the already existing economic crisis in Niger Republic kidnapping of prominent citizens of Cameroon and foreign nationals for ransom motive its use of Chad as a safe haven and notably its thwarting of Nigeria s influence in its neighbourhood Boko Haram insurgency has forced Nigeria to concentrate more on its domestic issue The study therefore concludes by recommending to the government to adopt policies that are expansive and inclusive to address the crisis among which is the revamping of the socioeconomic condition and that attention should be given to border management and administration
