Millennials, Generation Z and the Future of Tourism Fabio Corbisiero, Salvatore Monaco, Elisabetta Ruspini, 2022-06-23 This book examines the lifestyles expectations and plans of Millennials and Generation Z and how they are redefining tourism It demonstrates that if the tourism industry is to enjoy future growth it must understand and meet the particular needs of these two generations The volume explores the present and future challenges faced by the tourism industry as a result of the generational turnover and seeks to answer the following questions What contribution can the new generations make to the future of tourism How are technological advancements and social networks shaping future travel trends Can a generational perspective be useful to help the tourism industry recover from the COVID 19 crisis The book will be of interest to researchers and students of sociology and tourism studies as well as tourism professionals [Proceedings of The 11th European Conference on Social Media](#) Susana Pinto, 2025-06 The European Conference on Social Media ECSM is a well established academic conference held annually for over a decade with a focus on advancing research and dialogue around social media The primary aim of ECSM is to provide a platform for scholars researchers practitioners and industry professionals to share and discuss their findings on the multifaceted impacts of social media The conference emphasises the importance of understanding how social media influences various sectors including society education business and governance **Deliberately Digital** Hubert Tardieu, David Daly, José Esteban-Lauzán, John Hall, George Miller, 2020-02-05

The digital revolution is changing virtually every aspect of the business world. However, most attempts at the digital transformation of enterprises fail largely because of a lack of comprehensive and coherent strategy. This book takes lessons learned from the rise of the digital platform giants and explores how they can be adapted and effectively applied to established businesses, allowing them to compete within the new digital business paradigm. Offering a holistic perspective on the business and technology landscape, the book describes the megatrends, evolution, and impact of digital technologies and business models. It brings together what for many is a disjointed set of business transformation imperatives to provide a practical guide to digital success. Drawing on the authors' decades of experience in supporting transformation and innovation, the book lays out a path to a progressive iteration of business change and value realization, balancing the perspectives of revolutionary transformation and change enabling optimization.

The Rise of the Algorithms John M. Jordan, 2024-03-19

The meteoric rise of online video is reshaping the competition for human attention. *The Rise of the Algorithms* argues that this new technology has changed the way we interact with others, our relationships with public institutions, and our very own behaviors and psyches. In tracing the origins and evolution of online video, John M. Jordan examines the mechanics and the ethical stakes of online video platforms, especially YouTube and TikTok, but also others such as Twitch. Tracing the use of algorithms pioneered by Facebook and Google and so successfully exploited by TikTok's corporate parent, ByteDance, Jordan shows how these platforms now engineer human behavior with consequences for culture, politics, and identity. Jordan argues that we are at an inflection point. Until now, we have proved as a society ill-prepared or unwilling to address such problems as the power of digital platforms, the personal cost of viral celebrity, the invasion of privacy, and the proliferation of disinformation. *The Rise of the Algorithms* combines this urgent assessment with a clear-eyed discussion of present challenges and recommendations for reclaiming our online futures. A valuable resource for understanding the transformations that have been and will be brought by YouTube, TikTok, and similar platforms, Jordan's timely book is a vital work for anyone who uses the internet and especially for policy
