How to make content writing your full-time career Bhavik Sarkhedi, 2021-08-07 Content writing is one of the trending career options chosen by youngsters nowadays Not only in this fast world but content writing has been a very interesting and known career option for a long time Content writing is the process of writing in various fields like writing blogs and articles scripts for videos or content for a specific platform are many options People follow their passion for writing and get into professional writing for ages Still the struggles were prevalent then and now when this profession is considered by many people around as more like a hobby it gets more prone to floating pieces of advice from everyone here and there To make sure your career in content writing blooms one needs to keep certain things in mind Being a founder of Estorytellers Taletel Kalam Kagaz Write Right different verticals of content writing services there is one thing I have learned Be a passionate storyteller Content writers create written content or writing material for a website according to the guidelines specifically To become a writer it is required to keep learning and polishing your art to keep the passion alive One of the best ways is exploring this field of content writing Alike many other jobs and careers options there are numerous aspirants in the writing field of numerous opportunities as well Current Scenario The current scenario in this field of content writing is pretty impressive which many people are unaware of Today almost all organizations want a team of content writers to write for them and make their brands visible in the market An aspiring writer can apply to work under huge names or can start freelancing which is a great option for establishing yourself in this market of opportunities Since there is always a need for content writers the professionals from this profession must polish themselves and stand out with their work Writing content is a lot about understanding the client and their needs so at times working out of the comfort zone or niche results beneficial Because similar to the number of opportunities the demands of every different client are different One thing which is the same is that every client every organization wants the content created in a way that the information shared makes them stand out and shine in the crowd of their competitors This is going to continue as the market will always be hustling The financial status for content writing jobs is great As a fresher one can earn ranging from fifteen thousand INR to twenty thousand INR per month and it grows gradually in particular intervals Even in freelancing the salary turns out to be a good amount the amount can be ranging up to fifty thousand INR These are estimated and average amounts but the money earned can vary from company to company and writer to writer

Omni-Channel Retail and the Supply Chain Paul Myerson, 2020-11-25 Omni Channel Retail and the Supply Chain The days of going to the local department store to buy a

television view the options available and make a purchase now seem quaint The emergence of the internet smartphones social media and other technologies has opened a world of new options for consumers and businesses to review research and buy online with an ever increasing array of delivery options The emergence of e commerce has resulted in what is commonly known today as omni channel marketing in which customers engage with companies in a variety of ways including in a physical store or online via websites and mobile apps This process puts the supply chain front and center as consumers are increasingly demanding and browsing buying and returning goods through various channels not just the traditional brick and mortar way To accomplish this with high levels of service while remaining profitable requires real time visibility of inventory across the supply chain and a single view of consumers as they continuously move from one channel to another While this is a boon to consumers it has made the already complex global supply chain even more challenging to manage On top of that the 2020 Covid19 pandemic has accelerated this omni channel retail trend as consumers need even more ways to order and additional options for last mile delivery such as curbside pickup Covid19 has exposed a lack of flexibility and readiness resulting in shortages of everything from toilet paper and meats to personal protective equipment PPE and ventilators It has been a real life example of the bullwhip effect where variability at the consumer end of the supply chain results in increased variability as one goes upstream towards distributors manufacturers and suppliers This results in shortages misallocations and increased costs No longer can a manufacturer distributor or retailer of consumer products just fill the pipeline and wait for orders to come in Now they must anticipate various purchases and delivery items while at the same time minimizing costs To do this is no easy task requiring a Lean agile and responsive supply chain Until now there was no existing playbook for organizations to navigate their way through this new world This book describes the impact of omni channel marketing on the supply chain and logistics functions and is intended to help management meet the needs of not only today s ever changing world but to anticipate what may be required in the future to achieve superior customer service profitability and a competitive advantage
