Enlightenment Thinker Quote Match Activity:

A History of Management Thought Morgen Witzel, 2016-12-16 Of all the sciences and social sciences management is the one that most deliberately turns its back on the past Yet management as we know it today did not spring into life fully formed Management has more than just a present it also has a past and a future and all three are inextricably linked This book charts the evolution of management as an intellectual discipline from ancient times to the present day Contemporary management challenges including sustainability technology and data and legitimacy are analysed through an historical lens and with the benefit of new case studies The author helps readers understand how the evolution of management ideas has interacted with changes in society By framing management's history as one of challenge and response this new edition is the perfect accompaniment for students and scholars seeking meaningful study in the business school and beyond Essential reading as a core textbook in management history the book is also valuable supplementary reading across the humanities and social sciences

Journal of a Dissenter Chris Wright, 2025-01-20 This is a lengthy intellectual journal by a political radical that ranges over a variety of subjects such as Marxism capitalism history many schools of modern philosophy psychology economics and contemporary American politics It also includes quite a few personal passages but I've kept those only because they express common experiences and youthful psychological tendencies Its most useful content for students might be its many summaries of good historical and scientific scholarship especially in the journal's second half Ultimately the document is a fairly comprehensive expression of a particular society as refracted through an inquisitive and critical mind from the ages of 15 to 44
