women entrepreneurs Arts Management Carla Walter, 2015-05-22 Arts Management is designed as an upper division undergraduate and graduate level text that covers the principles of arts management. It is the most comprehensive up to date and technologically advanced textbook on arts management on the market. While the book does include the background necessary for understanding the global arts marketplace, it assumes that cultural fine arts come to fruition through entrepreneurial processes and that cultural fine arts organizations have to be entrepreneurial to thrive. Many cases and examples of successful arts organizations from the United States and abroad appear in every chapter. A singular strength of Arts Management is the author's skilful use of in-text tools to facilitate reader interest and engagement. These include learning objectives, chapter summaries, discussion questions and exercises, case studies and numerous examples and cultural spotlights. Online instructor's materials with PowerPoints are available to adopters.

Psychology at Work in Asia Anila Kamal, Jas Laile Suzana Binti Jaafar, 2013-02-21 This book provides important information about the development of psychology as a discipline in Asia. Several research papers related to organizational psychology and the influence of psychology on quality of life in countries throughout Asia are included. The papers which appear herein were originally presented at the 3rd Convention of the Asian Psychological Association in Darwin, Australia during July 2010, the 4th Convention of the Asian Psychological Association in Jakarta, Indonesia during July 2012 and the International Conference on Industrial and Organizational Psychology at the National Institute of Psychology in Islamabad, Pakistan during April 2012. The information presented here provides a valuable window into how psychology is taught and practiced throughout Asia, especially in the work place. Indigenous trends in research theory and application are provided by authors who are native to live and teach in the countries represented in the studies reported here. It is a must read not only for those in academic psychology and higher education but also for those in business who are affected by changes in globalization of business practices. Psychologists, counselors, educators and those with research interests in social sciences and cross cultural research will find a wealth of current information.
