

Erasmus Sociales Unizar

**Walter Lorenz, Friedrich W.
Seibel, Anette Kniephoff**

Erasmus Sociales Unizar:

Luces en el camino: filosofía y ciencias sociales en tiempos de desconcierto Manuel Bermúdez Vázquez, 2021-04-13 La sociedad contemporánea se enfrenta por primera vez al vendaval provocado por diversas crisis simultáneas: crisis sanitaria, crisis económica, crisis política, crisis educativa, crisis climática, etc. En esta situación corresponde al mundo de la academia, al ámbito erudito e intelectual, el tratar de hacerse valer y demostrar la importancia que tiene para afrontar el desafío del futuro. En la biografía de cualquier persona suele haber alguien que ejerce una influencia benéfica especial. Esos individuos actúan como luces en el camino que orientan en las a menudo procelosas situaciones vitales que nos toca vivir. Precisamente eso es lo que nos proponemos en este volumen que a falta de un término más adecuado podemos calificar como monumental. Pretendemos ser una luz en el camino del lector que se aproxime a los diversos estudios que se acogen en estas páginas. Aquí se encuentran los resultados de investigaciones muy variopintas que tratan en la medida de sus posibilidades de dar respuestas a interrogantes diversos que atan al quehacer cotidiano a la forma de entender la vida y la realidad en definitiva a la construcción del mundo.

Educación, tecnología, innovación y transferencia del conocimiento Eloy López Meneses, César Bernal Bravo, 2023-11-14 Esta publicación recopila doscientos dieciocho aportaciones científicas que representan una miscelánea de innovaciones y reflexiones docentes en distintas áreas del currículo y de las diversas etapas educativas. Estas contribuciones suponen un abanico de buenas prácticas para el desarrollo profesional. El trabajo agrupa tres conceptos clave para el desarrollo económico y social de cualquier país: innovación educativa y transferencia tecnológica. Sin embargo, no siempre se les presta la debida atención ni se les asigna los recursos necesarios para impulsarlos. La obra pretende ofrecer una visión integral y actualizada de estos temas analizando sus fundamentos teóricos, sus experiencias prácticas y sus desafíos futuros. A lo largo de sus capítulos se abordan aspectos como el papel de la investigación, la creatividad, el emprendimiento, la cooperación, la aplicabilidad de las tecnologías emergentes, la evaluación o el proceso de transferencia de conocimiento. Asimismo se presentan casos de éxito y buenas prácticas de diferentes profesionales que ilustran cómo la innovación educativa y la transferencia de conocimiento pueden contribuir al bienestar colectivo y al progreso sostenible formativo.

Políticas de cierre de escuelas rurales en Iberoamérica. Debates y experiencias, Diego Juárez Bolaños, Juan Lorenzo Lacruz, Carmen Núñez Muñoz, Rogeli Santamaría Luna, Guillermo Williamson Castro, Paula Ascorra Costa, Félix Rafael Berrouet Marimón, Virginia Domingo Cebrián, Marcela Gómez Álvarez, Bryan González Niculcar, 2020-04-01 Las acciones que implican el cierre de escuelas rurales con baja matrícula para forzar a los alumnos a movilizarse a centros educativos de mayor tamaño no son nuevas. Iniciaron en Estados Unidos desde finales del siglo XIX y desde entonces se han aplicado con diversos grados de intensidad en muchas naciones a través de varias modalidades. Aunque estas acciones se han sostenido con el argumento de que las pequeñas escuelas son de baja calidad, en el fondo estas medidas se apoyan en criterios meramente económicos: es más barato para el Estado sostener escuelas de mayor tamaño que varios centros escolares pequeños.

os y dispersos El presente libro reúne estudios realizados por académicos de España a Chile Colombia y México en los que se examinan las razones que han justificado el cierre de escuelas rurales en estos países así como los efectos que estas medidas han traído a estudiantes docentes y miembros de las localidades rurales además se sugiere una serie de propuestas para hacer frente a estas políticas educativas De esta forma abonan a un campo de estudio prácticamente ausente en las actuales investigaciones educativas

Pluralismo y discursos del odio en España e Italia, 2025-09-16 Este libro recoge capítulos de profesores italianos y españoles que se centran en temas como el pluralismo la diversidad la participación institucional o los discursos del odio contra minorías como los migrantes o Las Kellys Las reflexiones que se llevan a cabo sobre estas temáticas tan actuales tienen como base teórica y metodológica la sociología de la comunicación Queremos con esta humilde aportación contribuir a desarrollar una sociología específica de la comunicación plural y de la diversidad Por eso profundizamos en los límites de VOX la legislación antidiscriminación tanto italiana como española los debates de La Sexta noche las redes sociales y la inteligencia artificial el caso de Las Kellys las políticas públicas y los procesos participativos Una temática tan actual y tan multiparadigmática necesita a la fuerza un enfoque abierto y plural como el que han utilizado los autores de esta obra colectiva que constituye una primera aproximación a cuestiones que serán cada vez más centrales en el futuro de nuestras sociedades envejecidas y desiguales

ERASMUS-Evaluation-Conference Walter Lorenz, Friedrich W. Seibel, Anette Kniephoff, 1996

¿Qué es el programa Erasmus? Emilio García Prieto, 2013-05-28 Erasmus es un programa con éxito y España es el primer país emisor y receptor de estudiantes En esta obra se incluyen datos útiles para los verdaderos protagonistas del programa los estudiantes que encontrarán en el libro toda la información que necesiten para prepararse para ser un buen erasmus cuando llegue el momento para adoptar la mejor decisión cuando estén decididos a hacerlo y para que aprovechen mejor su estancia en el país de acogida Pero también se ofrece toda la información necesaria que profesores oficinas de relaciones internacionales e instituciones de educación superior necesitan para desarrollar el programa Erasmus en profundidad Erasmus es mucho más que una experiencia académica Para mí es un camino para ver el mundo con nuevos ojos sentir y descubrir nuevas emociones y aprender lo que no está escrito en los libros de texto Un estudiante
