Comprehensive, clear, sighted introductions to general and specific areas of ethical debate cover major ethical theories including feminist ethics, contract theory, and ethical relativism, before delving into issues ranging from euthanasia and sexual morality to war and globalization. Increased coverage of contemporary dilemmas highlights issues of widespread interest including torture and terrorism, partial birth abortion, cloning, same-sex marriage, and global distributive justice. An innovative online resource center offers, among other things, animated simulations. These simulations offer students the opportunity to personally engage with dilemmas and thought experiments commonly presented in introduction to ethics classes and provide instructors with a way to seamlessly integrate online assignments into the class.
