### **Even In The Odds Ralph Humphrey Pdf:**

DC Confidential David Schoenbrod, 2017-03-07 You think you know why our government in Washington is broken but you really don't You think it's broken because politicians curry favor with special interests and activists of the Left or Right There's something to that and it helps explain why these politicians can't find common ground but it misses the root cause A half century ago elected officials in Congress and the White House figured out a new system for enacting laws and spending programs one that lets them take credit for promising good news while avoiding blame for government producing bad results With five key tricks politicians of both parties now avoid accounting to us for what government actually does to us While you understand that these politicians seem to pull rabbits out of hats hardly anyone sees the sleight of hand by which they get away with their tricks Otherwise their tricks wouldn't work DC Confidential exposes the sleights of hand Once they are brought to light we can stop the tricks fix our broken government and make Washington work for us once again The book explains the necessary reform and lays out an action plan to put it in place Stopping the tricks would be a constructive inclusive response to the anger that Americans from across the political spectrum feel toward what should be our government
