Building Construction Gang Chen, 2010 Learn the Tips Become One of Those Who Know Building Construction and Architectural Practice and Thrive For architectural practice and building design and construction industry there are two kinds of people those who know and those who don't The tips of building design and construction and project management have been undercover until now Most of the existing books on building construction and architectural practice are too expensive too complicated and too long to be practical and helpful This book simplifies the process to make it easier to understand and uncovers the tips of building design and construction and project management It sets up a solid foundation and fundamental framework for this field It covers every aspect of building construction and architectural practice in plain and concise language and introduces it to all people Through practical case studies it demonstrates the efficient and proper ways to handle various issues and problems in architectural practice and building design and construction industry It is for ordinary people and aspiring young architects as well as seasoned professionals in the construction industry For ordinary people it uncovers the tips of building construction for aspiring architects it works as a construction industry survival guide and a guidebook to shorten the process in mastering architectural practice and climbing up the professional ladder for seasoned architects it has many checklists to refresh their memory It is an indispensable reference book for ordinary people architectural students interns drafters designers seasoned architects engineers construction administrators superintendents construction managers contractors and developers You will learn

- 1 How to develop your business and work with your client
- 2 The entire process of building design and construction including programming entitlement schematic design design development construction documents bidding and construction administration
- 3 How to coordinate with governing agencies including a county's health department and a city's planning building fire public works departments etc
- 4 How to coordinate with your consultants including soils civil structural electrical mechanical plumbing engineers landscape architects etc
- 5 How to create and use your own checklists to do quality control of your construction documents
- 6 How to use various logs i.e. RFI log submittal log field visit log etc and lists contact list document control list distribution list etc to organize and simplify your work
- 7 How to respond to RFI issue CCDs review change orders submittals etc
- 8 How to make your architectural practice a profitable and successful business
