**Public Righteousness** Abimbola A. Adedokun, 2023-05-25 *Public Righteousness* The Performative Ethics of Human Flourishing is driven by the idea that part of what manifests as a disorderly display of virtue in public culture is underlined by the desire to see a more righteous society and an expression of the will to enact such an ideal world into reality This book re-structures the ferment of such public displays and fashions an ethic that overturns the ostentatious signals of self-righteousness and the fierce contest of animating visions This book engages the work of social ethicist Nimi Wariboko to explore an idea of public righteousness In place of smug superiority and phony pieties the performative ethics that inaugurate this public righteousness offer an intellectual and moral competence that establishes rectitude and culminates in human flourishing

**Pentecostalism and Cultism in South Africa** Mookgo Solomon Kgatle, 2021-02-28 Pentecostalism is a growing movement in world Christianity However the growth of Pentecostalism in South Africa has faced some challenges including the abuse of religion by some prophets This book first names these prophets and the churches they lead in South Africa and then makes use of literary and media analysis to analyse the religious practices by the prophets in relation to cultism Additionally the book analyses the celebrity cult and how it helps promote the prophets in South Africa The purpose of this book is threefold First to draw parallels between the abuse of

religion and cultism Second to illustrate that it is cultic tendencies including the celebrity cult that has given rise to many prophets in South Africa Last to showcase that the challenge for many of these prophets is that the Pentecostal tradition is actually anti cultism and thus there is a need for them to rethink their cultic tendencies in order for them to be truly relevant in a South African context
