Poverty Reduction, the Private Sector, and Tourism in Mainland Southeast Asia Scott Hipsher, 2017-10-05 This book explores the issue of poverty reduction within mainland Southeast Asia with a specific focus on the impact of the private sector and tourism Covering Cambodia Laos Myanmar Thailand Vietnam and Yunnan the book discusses how success in poverty reduction has come about largely through innovation in the private sector foreign investment and the move toward more market based economic policies as opposed to foreign aid or interventions by international development programs to reduce poverty in the region

Wealth Creation Approach to Reducing Global Poverty Scott Hipsher, 2020-05-19 This book takes a unique approach to the topic of poverty reduction primarily employing an international business framework as opposed to the usual economic or political lens Some of the key ideas explored in the book include poverty is primarily the lack of choices not the lack of material possessions attacking inequality of opportunity might be a more effective means to reduce poverty than attacking inequality of wealth political systems matter but individuals and for profit firms also have a vital and indispensable role in helping to create the wealth needed to reduce poverty and an effective corporate social responsibility strategy to help reduce poverty may include finding innovative and creative ways to operate profitably in areas of the world where poverty is currently robbing too many people of the opportunity to live their version of the good life Building on such ideas the book advocates for private companies to expand operations into the least developed regions of the world as part of their corporate social responsibility programs and to reframe the debates away from ones focused on exploitation and economic nationalism to one of creating opportunities across political borders

The Politics of Religious Tourism Dino Bozonelos, Polyxeni Moira, 2023-07-28 Addressing a dearth of literature in this area this book provides a comprehensive overview and framework of study of the politics of religious tourism Existing work shows awareness that politics is present but the approach has been one of benign neglect and or a priori assumptions about the role of politics in the management of sacred sites Previous literature is fragmented into various perspectives and approaches that best serve different disciplinary interests By understanding the politics of religious tourism through the various perspectives and approaches from the discipline of political science law public policy and other fields This book will be of great interest to researchers and students of religious tourism pilgrimage as well as related subjects such as political science economics sociology tourism law studies and religious studies
