Youth Mediations and Affective Relations Susan Driver, Natalie Coulter, 2018-10-01 Youth Mediations and Affective Relations explores dynamic and expansive possibilities of young people's affective lives as they engage with diverse social media in prolific and specific ways. It addresses the situated embodied and emotional experiences of young people as they actively use media in order to forge communities, play imaginatively, protest injustice, experiment with their identities, make media or explore friendships. Furthermore, it explores the relational and contextual dimensions of their everyday interactions. Against static knowledge and moral panics that abstract youth from the complex and changing worlds in which they grapple with digital media, this book hones in on the layered textures of youth experiences to consider how today's youth think and feel in subtle and unexpected ways.

Rigorous Magic Steve Hatch, Jim Taylor, 2009-08-19 In the marketing world, communication ideas are revered for their magical ability to affect how consumers behave towards brands. Despite this, they are poorly understood. How many types are there? What are their characteristics? How should you use them? And what makes a good one? Most marketers simply cannot answer these questions. *Rigorous Magic* answers these questions, bringing science to the art of ideas. Jim Taylor and Steve Hatch dispel the myths around communication ideas and create a practical road map for marketers to select which types are best for their brand to compete. Only through a rigorous process of cataloguing and evaluation can ideas truly be understood and the right ones selected to change consumer behaviour in today's global multi-channel marketing world.
