

A laptop is open on a light-colored wooden desk. To the left of the laptop is a dark grey coffee cup on a matching saucer. In the background, a window looks out onto a blurred city street with buildings and trees. A small potted plant is visible on the far left. The laptop screen is black and displays white and teal text.

**Closing the Gap** Tshilidzi Marwala, 2022-08-01 UPDATED EDITION A holistic take on AI from an African perspective Closing the Gap joins the dots on deploying AI efficiently into everyday business and life RENUKA METHIL editor of Forbes Africa This book simplifies complex concepts through relatable stories and awakens fellow Africans to the opportunities ushered in by the 4IR Closing the Gap must occupy our waking times MTETO NYATI chief executive of Altron Closing the Gap is an accessible overview of the fourth industrial revolution 4IR and the impact it is set to have on various sectors in South Africa and Africa It explores the previous industrial revolutions that have led up to this point and outlines what South Africa's position has been through each one With a focus on artificial intelligence as a core concept in understanding the 4IR this book uses familiar concepts to explain artificial intelligence how it works and how it can be used in banking mining medicine and many other fields Written from an African perspective Closing the Gap addresses the challenges and fears around the 4IR by pointing to the opportunities presented by new technologies and outlining some of the challenges and successes to date

Flexible Lives Stefanie Reissner, Michal Izak, 2025-08-07 This geographically and methodologically diverse volume shines the spotlight on a variety of flexible working practices beyond the predominantly Western perspective and zooms in on the gendered aspects of flexible working The increasing use of flexible work arrangements has decoupled work from time and space making the world of work and home increasingly fluid and challenging to manage The Covid 19 pandemic in particular has been a catalyst for questioning accepted norms of where when and how work takes place This book seeks to explore the impact which this reshaping of traditional modes of working has had on workplace interactions and relationships as well as on managing the boundaries between familial and working lives In this way this collection contributes to a wider dialogue concerning the flexibility challenges encountered by white collar workers which is needed now more than ever This book will be relevant to scholars practitioners and policymakers in the fields of gender studies organizational behavior human resources and labor economics It will be particularly useful for those examining the impact of remote work the future of work organizational culture and the social and economic implications of shifting work practices The chapters in this book were originally published in *Culture and Organization* and are accompanied by an updated Introduction and a new Epilogue
