How the era of digitalization creates alternative lifestyles* Lisa-Marie Wagner, 2020-06-18 Bachelor Thesis from the year 2020 in the subject Business economics Business Management Corporate Governance grade 1.6 language English abstract In this paper the phenomenon of digital nomadism in permanent employment is presented In general digital nomads are characterized by their independence of location their employment in the digital space and common values Most of them are freelancers and entrepreneurs but also employees who are part of this movement want to leave the conservative concept of normal employment and break new ground First the changes in the business world and the emergence of digital nomadism were presented in this paper Due to a lack of literature guideline based expert interviews were conducted to gain insight into the opportunities and risks of the multi-local lifestyle concept for employees and companies In addition the framework conditions for companies and digital nomads required by this work and life concept were examined and presented in detail Such a framework condition can mean for example the adaptation of processes and leadership There are also differences between completely remote companies and only partially remote companies which can lead to a split company structure In this context the similarities and differences between traditional telework and digital nomadism in permanent employment were also examined These are similar for example regarding the technical prerequisites that should be created in companies and the changed communication In addition there are challenges and opportunities that arise from the travel component and the nature of digital nomadism such as negatively impaired processes due to time differences or certain characteristics and

experiences that digital nomads possess or experience that can be used positively in a professional context Thus this work not only serves a scientific purpose but also provides a practical framework for employing digital nomads in traditional companies

The Business of Pandemics Jay Liebowitz,2020-11-18 Nations and businesses across the globe have been working through the difficulties of dealing with the COVID 19 pandemic Industry academia NGOs and governments have been feverishly searching for ways to address this deadly virus which may continue to spread for at least the next year and perhaps beyond in terms of a resurgence and different strains From a business standpoint there have been dramatic effects on logistics and supply chains economic downfalls bailouts of major industries and small businesses and far reaching calamities from around the world Even though the COVID 19 story is still in its making this book focuses on the business of pandemics as applied to COVID 19 The book brings together a global panel of experts across industries and NGOs to help guide business executives and managers through the complex array of issues affecting business in the time of a pandemic Offering solutions to the business of pandemics as applied to COVID 19 the book is written for organizational decision makers and leaders as well as those involved in crisis management public health and related fields Its chapters focus on key areas that relate to the business of pandemics including Lessons learned to date Big data and simulation Logistics and supply chain management challenges Conducting global business virtually Global economic impact Media and risk communication IT infrastructure and networking Social impact Online learning and educational innovations The new work from home environment Re opening markets and businesses Crisis decision making using analytics and intuition With chapters authored by experts from leading organizations including the World Health Organization the RAND Corporation and various universities throughout the world The Business of Pandemics The COVID 19 Story provides high level guidance and insight for business leaders who must deal with the complexities and challenges presented by this unprecedented crisis
