## TAKING NOTES

Use the graphic organizer online to take notes on the new developments in American culture in the 1820s and 1830s.

# American Culture

## If YOU were there...

You live in Philadelphia in 1830. Though you've lived in the city all your life, you dream about the West and the frontier. Now you've discovered a wonderful writer whose stories tell about frontier life and events. You can't wait to read his next exciting adventure. You think that perhaps someday you could be a frontier hero, too.

## Why would the frontier seem so exciting?

**BUILDING BACKGROUND** Until the early 1800s, Americans took most of their cultural ideas from Great Britain and Europe. But as American politics and the economy developed, so too did a new national culture. Writers and artists were inspired by American history and the American landscape.

## American Writers

Like many people the world over, Americans expressed their thoughts and feelings in literature and art and sought spiritual comfort in religion and music. Developments in education and architecture also reflected the growing national identity. The arts became a way to show the similarities among Americans as well as the differences between American and European life. To do this, writers and artists used themes and images that were familiar to most Americans.

## American Arts

### Early to mid-1800s

American architects are inspired by ancient Greece and Rome.
