Korean Reader for Chinese Characters Choon-Hak Cho,Yeon-ja Sohn,Heisoon Yang,2002-08-31 Korean Reader for Chinese Characters will help students of Korean master basic Chinese characters that are frequently encountered in everyday situations More than five hundred characters are targeted in exercises that aid in the efficient study of the forms meanings and sounds of individual characters and their compounds Although the primary goal of the Reader is recognition of basic Chinese characters students are encouraged to learn to write them properly by inclusion of a section on stroke order The Reader is also designed to reinforce skills in reading and writing in Korean while studying Chinese characters Forty lessons are preceded by an introductory chapter on the principles of Chinese character formation and reading and writing characters and followed by appendices on stroke order English translations of the main reading text of each lesson and an index of characters The lessons are organized into seven parts new characters reading text glossary notes new words in characters more words in characters and exercises After every fifth lesson there is a section reviewing all the characters introduced in the preceding five lessons **A Dictionary of Chinese Characters** Stewart Paton,2008-05-21 By arranging frequently used characters under the phonetic element they have in common rather than only under their radical the dictionary encourages the student to link characters according to their phonetic It helps to fix in the memory the link between a character and its sound and meaning *Chinese Characters Made Easy* Michael L. Kluemper,Kityee Yam Nadeau,2015-12-15 This highly visual book introduces an effective new method for learning Chinese characters using visual stimuli and pictographs Learning the basic characters used to write even simple Chinese sentences can be a long and arduous process Chinese Characters Made Easy makes the learning process fun and easy by presenting the 1 000 most common characters using a new mnemonic approach that associates each character with a memorable visual and verbal clue making memorization easy The character for person for example is superimposed over a sketch of a man representing a person standing on two legs drawing the reader s attention to the distinctive shape of the character and associating the sketch with the character s meaning The Chinese characters are presented in groups or clusters all sharing common elements and meanings for context and ease of identification These groups of characters all share common root symbols known as radicals or relate to a particular theme or topic such as colors numbers animals or body parts Pronunciations

meanings and vocabulary compounds are provided for each character in the group A free audio CD provides native speaker pronunciations for all the characters and their associated vocabulary A short introduction explains the history and structure of the Chinese writing system This Chinese character book s visual approach is a powerful learning tool It can be used by serious students and is entertaining and useful to general readers who are curious about how the Chinese writing system works and how it developed   *250 Essential Chinese Characters Volume 2* Philip Yungkin Lee,2013-02-26 This is an invaluable study guide for learning Chinese characters More than a simple update 250 Essential Chinese Characters Volume 2 offers 250 more characters in the extremely useful learning format that learners and teachers alike continue to praise Following in the footsteps of Volume 1 it includes everything that today s learners and teachers want tips for Chinese language mastery throughout special exercises in AP exam format progressive review sections and several indexes Master each character s radical stroke count and meaning Grow in proficiency by learning compound words Example sentences show how to use them in context Review activities reinforce your leaning progress Helpful writing guides and practice grids for every character After studying this book together with its companion 250 Essential Chinese Characters Volume 1 you ll have learned 500 of the most important characters in Chinese and thousands of words in which they appear Whether you re new to Chinese or coming back for review each of these 250 characters offers you ways to learn Chinese and improve your abilities to read Chinese and write Chinese   **More Chinese for Kids Flash Cards Simplified** Tuttle Studio,2014-11-18 A fun and kid friendly introduction to the Chinese language The Tuttle MORE Chinese for Kids Flash Cards Simplified Character Edition kit is an introductory Mandarin language learning tool especially designed to help children from preschool through early elementary level acquire basic words Chinese characters phrases and sentences in Chinese in a fun and easy way The flashcards can be used as a learning tool in a classroom setting at home or anywhere that learning takes place and can easily be taped around the room for an interactive way to learn Chinese The set contains a total of 64 words which all represent a range of sounds in Mandarin Chinese organized into thematic categories including Going Places At My House Things I Like to Do Actions Opposites Weather and Nature All of the words are illustrated the pictures serve as effective visual aids to help children learn and remember each word s meaning Words often reflect cultural objects and items and can be studied in any order Learners may focus on one theme at a time or mix them up for a little more variety   **Analysis of Chinese Characters** George Durand Wilder,James Henry Ingram,1974 An analysis of 1000 Sino Japanese characters   *Easy Learning* Ping Makarsky,2012-01-26 Easy Learning Chinese Characters is designed for English speakers or anyone who has a good command of the English language Unlike Chinese speakers English speakers are used to a phonetic writing system that is what they read is what they hear When they see an English word they expect its letters to tell them the pronunciation and recognize its meaning Thus English speakers find Chinese characters to be too complicated and confusing because they cannot pronounce them easily Without a phonetic system they have to find the pronunciations through pinyin

and then find the meaning Therefore English speakers think they need extra time to learn to connect the graphic shapes of Chinese characters with their pronunciation So learning the Chinese language can seem like learning two different languages one for listening and speaking and the other for reading and writing However if you can master the methods of learning Chinese characters in this book you will get twice the results with half the effort Easy Learning Chinese Characters can make your Chinese character learning process easy and fun It is intended to be an intensive course book for English speakers who have just started to learn Chinese writing Anyone who has pinyin as a foundation can study this book by themselves This book has 86 lessons in total with detailed explanations of 550 basic Chinese characters and over 2400 Chinese words and phrases This gives learners the foundation from which they can expand to read the 4000 basic Chinese characters With basic knowledge of the evolutionary history of Chinese characters learners will gain a brand new perspective and profound understanding during the learning process Over 90% of the characters in Easy Learning Chinese Characters are accompanied with pictures showing how the character evolved from its original shape to its current simplified form Only less than 1% of the characters in this book may need to be memorized mechanically but even they are provided with vivid pictures to help remember them All of the characters words and phrases are provided with detailed pronunciation in pinyin So all the lessons taught in this book should be easily mastered by new learners All languages are connected Chinese is similar to English in numerous ways Pictophonetic characters make up over 90% of all Chinese characters By mastering the rules of pictophonetic characters one can read most of the characters Chinese radicals the part of a Chinese character which represents its meaning are like English monograms Monograms represent the meaning of words for example words containing astro are mostly related to stars Easy Learning Chinese Characters focuses on teaching you to master basic character forms including pictographic characters self explanatory characters and ideographic characters These make up the foundation of all characters This book references several Chinese language sources in order to provide precise and detailed explanations of each character These sources include The Contemporary Chinese Dictionary Advanced Chinese Characters Dictionary Kangxi Dictionary and Shuowen Jiezi Explaining Simple and Analyzing Compound Characters With the help of Easy Learning Chinese Characters learners will have the confidence to master Chinese reading and writing in a relatively short period of time   Chinese Characters 20 Rubber Stamps Barbara Aria,2000-02 These 20 rubber stamps are illustrated with Chinese characters representing universal and timeless qualities such as peace beauty honor and wisdom The stamps are accompanied by a companion booklet describing the spiritual symbolism and literal meaning of each characteran interactive cultural journey and kit all in one   **Mandarin Chinese Characters Language Practice Pad** Xin Liang,Martha Lam,2018-03-06 Five minutes a day is all it takes to begin learning Chinese The perfect guide for busy people who want to learn Chinese Mandarin Chinese Characters Language Practice Pad helps even those completely unfamiliar with the language learn and write the 332 most essential Chinese characters in just five minutes a day Each page introduces one

new character showing how it is pronounced and written along with its meaning and related vocabulary The reverse side offers sample phrases and sentences to demonstrate how to use the words in their correct context After studying the character and its compound forms users can practice writing these in a notebook with the ability to reference the mnemonic visual aids and stroke order included on each page This is an ideal resource for HSK Levels 1 2 as well as AP Chinese Language and Culture Exam prep **Chinese Character Fast Finder** Laurence Matthews,2005-03-15 A new and innovative study aid that allows the user to find Chinese characters rapidly and intuitively from their appearance alone **Simplified Chinese Character Dictionary** Adrian Van Amstel,2016-08-19 Do you often have difficulty finding a particular character in a standard Chinese dictionary Do you often fail to remember characters though you have seen and looked them up several times Don t you think one of the reasons could be that characters that look similar to others are not grouped together And don t you think that the etymological background of characters their historical development could and should be explained better in order to understand the reason for all those dots and strokes If your answer to these questions is yes then help could be on its way within seconds The Simplified Chinese Character Dictionary and its parent the Chinese Character Dictionary both contain several new features that make looking up learning and remembering Chinese characters more effective and more fun characters are arranged by the phonetic part that in most characters is relatively easy to distinguish by grouping characters that have the same phonetic into series characters that look almost similar can be compared and studied together any character can be found by stripping it first of its radicals and then splitting the remaining phonetic into components Phonetic and character can then be found under one of these components more than 5 700 different character shapes can be found using the same 3 step method Examples are given of their usage in daily or literary Chinese and many pinyin transliterations are given counting strokes is not necessary most characters can be found within seconds almost all phonetics are supplied with an etymological explanation which are helpful for better understanding of the historical background of phonetics and characters Moreover they are very effective in helping with remembering characters and distinguishing them from others that look similar a 30 page introduction is included in which the method used for looking up characters is explained step by step and illustrated with many examples It also explains how to distinguish radicals and explains the different kinds of radicals Moreover the introduction contains a brief overview of the historical development of Chinese characters in general The Simplified Chinese Character Dictionary is based on the Chinese Character Dictionary CCD It differs from the latter in that it only contains simplified character entries If a character has a different traditional version then that is only given in brackets behind its simplified counterpart In contrast the CCD contains both simplified and traditional character entries which can be searched for independently Another difference is that the example words and phrases in the Simplified CCD are entirely in simplified Chinese while in the CCD these are primarily in traditional Chinese The Simplified Chinese Character Dictionary is primarily for students of Chinese in the beginning years of their study who

want to focus on learning simplified characters as quickly as possible In contrast the CCD can be used by people who use traditional and or simplified script   *250 Essential Chinese Characters for Everyday Use* Philip Yungkin Lee,2003
