Boris Sollenberger

How Do I Instagram Reels Ideas Tips For Women:

Writing and Editing for Digital Media Brian Carroll, 2025-12-12 An essential guide to writing and editing for digital media this sixth edition responds to the mainstreaming of genAI Generative AI and LLMs Large Language Models among many other changes in the best practices of digital storytelling Carroll explains and demonstrates how to effectively write for digital spaces and places that typically abound with graphical content multimedia and hypertextual interactive elements He also combines hands on practical exercises with information on key topics such as misinformation and disinformation and the proliferation of artificial intelligence This new edition specifically explores the ethical questions raised by AI as well as the new possibilities it presents Each chapter features lessons and exercises through which students can build a solid understanding of the ways that digital communication provides opportunities for dynamic storytelling and multi directional communication It also speaks to writers editors public relations practitioners and social media managers and marketers Updated with contemporary examples and new pedagogy throughout this is the ideal handbook for students seeking careers in digital media particularly in content development and digital storytelling It is an essential text for students of media communication public relations marketing and journalism who are looking to develop their writing and editing skills for these ever evolving fields and professions This book also has accompanying Support Material that offers additional weekly activities and assignments providing students additional opportunity to put theory into practice

Emotions Online Alan Petersen, 2022-12-30 Digital media have become deeply immersed in our lives heightening both hopes and fears of their affordances While the internet mobile phones and social media offer their users many options they also engender concerns about their manipulations and intrusions Emotions Online explores the visions that shape responses to media and the emotional regimes that govern people s engagements with them This book critically examines evidence on the role of digital media in emotional life Offering a sociological perspective and using ideas from science and technology studies and media studies it explores The dimensions and operations of the online emotional economy Growing concerns about online harms and abuse especially to children Deepfakes and other forms of image based abuse The role of hope in shaping online behaviours Digital well being and its market COVID 19 s impacts on perceptions of digital media and Big Tech Growing challenges to centralised control of the internet and the implications for future emotional life The book breaks new ground in the sociological study of digital media and the emotions It reveals the dynamics of online emotional regimes showing how deceptive designs and algorithm driven technologies serve to attract and engage users As it argues digital media rely on the emotional labours of many people including social media influencers and content moderators who make the internet seem smart The book provides an invaluable overview of the evidence and debates on the role of digital media in emotional life and guidance for future research policy and action
