Being at Work Mark Cole,2025-11-18 This thought provoking and ground breaking book offers a way for us all to consider our experience of being at work and of the nature of working life Written in an engaging and accessible style it presents the practical means by which to apply central features of existentialism to make sense of how we relate to work and the workplace These include topics such as freedom and choice looking for purpose and making meaning and authenticity We spend a great deal of time at work and being at work is often a challenge Reference to the past in a corporate context tends to see it as a graveyard for errors and failures the future is something articulated by senior leaders and the place to which we are expected to travel in terms of their definition The specious present is the place where we experience our being in the moment the location where we do our work but it is rarely acknowledged in the places where we work This book offers new insights into how we can all meaningfully live our lives in the context of the world of work To do this it offers a personalised understanding of the

existentialist way of philosophising It looks to simplify complex concepts in order to offer the reader a different way of thinking about the time that they spend at work and how they might consider different and more positive ways of being in such an environment It recognises that we spend a considerable amount of our life in the workplace and so argues that we need to consider that and find ways in which to make that experience personally meaningful Where other practices designed to help people to make sense of their actual experience are introspective existentialism is reflexive and active Similarly where those other approaches are deeply individualistic existentialism constantly reminds us that our choices are undertaken in relation to others and that they have a collective implication Whether you are keen to make sense of your experience of workplace and what it means to be a human being in that context or looking to explore how you embrace the challenges of being a leader in business this book will offer you rich perspectives for sense making and ways of rethinking your presence at work

Generations in the World of Work Corey Seemiller, Meghan Grace, 2024-12-30 Generations in the World of Work provides invaluable data informed insights into the intergenerational dynamics in today's workplaces Generational experts and authors of Generation Z A Century in the Making Corey Seemiller and Meghan Grace present the perceptions motivations and preferences of various generational cohorts and share how those shape individual behaviors communication and collaboration as well as wider organizational structures and norms They offer guidance for how to maximize productivity and relationships to navigate dynamics across generational cohorts Generations in the World of Work offers employees managers and organizational leaders guidance for maximizing productivity relationships wellbeing and engagement across generational differences in order to create thriving workplaces that value and leverage each person's strengths

The Dwarf Se-hŭi Cho, Bruce Fulton, 2006 The dark side of South Korea's economic miracle emerges in The Dwarf Cho Se hui's enormously popular and critically acclaimed work First published in 1978 it speaks to the painful social costs of reckless industrialization even as it tellingly portrays the spiritual malaise of the newly rich and powerful and a working class subject to forces beyond its control Cho's lean clipped deceptively simple style the rapidly shifting points of view terse dialogue and subtle irony evoke the particularities of life in 1970s South Korea in the presence of global economic forces The

desperate realities of life for the dwarf the proverbial little guy upon whose back Korea s economic transformation largely took place are emotively rendered in twelve linked stories examining the lives of a laboring family a family of the newly emerging middle class and that of a wealthy industrialist 5 Western Hometown Daily Newspapers Hometown Daily Newspapers of the West,1950 *California Farmer* ,1979 American Autobiography, 1945-1980 Mary Louise Briscoe,1982 This bibliography provides access to over 5 000 American autobiographies published in book form by private and commercial presses from 1945 through 1980 intro Bibliography of Agriculture ,1998 **Snips** ,1960 *Moore's Rural New Yorker* ,1963
