Automation in YouTube is all about optimizing your workflow so that you can reduce the time spent on repetitive tasks. It enables you to focus more on the creative and strategic aspects while delegating time-consuming work to automation tools. Imagine having a YouTube channel that virtually runs itself. Well, it's not just a dream; many creators have successfully automated large portions of their process and significantly grown their channels as a result. In this eBook, we're going to cover everything you need to know from the basics of automation to more advanced strategies. We'll start by helping you understand the YouTube algorithm and how it influences video discovery. Then we'll guide you through niche selection, content creation tools, scriptwriting automation, and much more. By the end, you'll be ready to create a highly optimized YouTube channel that can run on autopilot, allowing you to focus on growing your presence, engaging with your audience, or even launching multiple channels.

If you want to defeat the robots, you need to have a battle plan.

Relational Feedback Lise Lewis, 2020-01-24. People are increasingly disenchanted with performance improvement techniques that fail to deliver. This book offers a new and refreshing way of engaging in authentic feedback that is willingly given and well received. It demonstrates that focusing on the quality of relationship improves the activity of feedback. The Relational Leadership WAY, that is the core of this book, was created from a thematic analysis of a doctoral research study. The framework encourages effective relationships and works through perfecting a way of being that is generative and productive in interactions with others, especially in feedback conversations, whether we are the giver or the receiver. The 10 themes integral to the framework are organised into 3 parts that relate to pivotal points in a conversation and that when given focused attention will improve relationships. What needs preparing to establish relationships that stimulate constructive conversations? Active engagement in co-creating generative conversations through adopting relational behaviours. You both noticing and reacting to what emerges and impacts on sustaining the quality of the relationship. This book will appeal to those seeking an innovative approach to performance management and who welcome a reprieve from the relentless pursuit of a universal feedback tool. It is essential reading for business managers and leaders expected to motivate teams to become high-performing work units. Organisational and
