Passive income is one of those goals many aim for but few accomplish. Why is it so much easier to live paycheck to paycheck than to increase our cash flow each month? What can we do differently so we're guaranteed to achieve our passive income goals? Are there steps we can take to accelerate our income growth strategically? In this book, you will learn why single family investing is not passive investing. How to reduce or eliminate taxes. How to increase your deal flow. How to vet deals and reduce your risk. How to use inflation to your advantage. If you regularly feel the Sunday scaries or always dread getting up for work in the morning, this book is for you. This book is for the college student already dreading the 9-5 life that waits him upon graduating, the couple who would rather spend their time doing what they want instead of slaving away for their employers every day, and the single parent who is barely scraping by.
