Simple Living Thalia Quayle, 2024-10-01 Simple Living challenges readers to break free from the work obsessed culture and rediscover a fulfilling life This thought provoking book explores the psychology of overwork societal pressures driving work obsession and strategies for reclaiming balance It traces the evolution of work culture from the industrial revolution to the digital age examining how technological advancements have blurred the lines between work and personal life The book argues that our fixation on productivity comes at the expense of personal fulfillment

and relationships It offers a comprehensive guide to achieving greater happiness by reframing our relationship with work and prioritizing life experiences Drawing on psychological studies sociological research and personal anecdotes the book provides practical strategies for setting boundaries cultivating meaningful relationships and fostering personal growth Its holistic approach encourages readers to reimagine their connection to work and productivity rather than simply advocating for working less While primarily aimed at working professionals struggling with work life balance Simple Living offers valuable insights for anyone seeking a more fulfilling life The book addresses ongoing debates about work culture including four day workweeks and universal basic income positioning itself at the forefront of contemporary discourse on work and life in the 21st century

Brand Loyalty in Bangladesh Dr. Md. Uzir Hossain Uzir, Profession Dr. Abu Bakar Abdul Hamid, Dr. Ts. Dr. Ahmad Shaharudin Abdul Latiff, Israaq Jerin, 2021-05-06 A brand is a valuable asset and loyalty to a particular brand is the source of revenue and profitability of the business Brand loyalty is significant for the business growth and expansion of companies in the electronics sector A populated country Bangladesh has a substantial expenditure on electronic appliances and the demand for these household items increases over the period however customers are not always loyal to a particular brand Marketing literature shows that customer satisfaction and brand confidence directly affect brand loyalty and brand trust mediates their relationship Due to the technological advance of social media technology has an essential role in the customer's decision to buy household appliances The existing literature has not focused on this massive demand for electronic appliances customer satisfaction loyalty trust and social media's significant role in consumer buying behavior The book shed the investigation of the effect of customer satisfaction and brand trust of electronic home appliances on brand loyalty and the mediating role of brand trust in customer satisfaction and trust relationship The study also examined the extent to which customers believe social media information influences them The study gathered data from 523 Bangladeshi respondents from Dhaka by conducting a survey The data were analyzed with SPSS and CB SEM AMOS for the hypothesis test The findings revealed that customer satisfaction and brand trust significantly impact brand loyalty and social media moderates those significant relationships The result of the study contributed to the expectancy disconfirmation theory trust commitment theory brand loyalty theory and theory of reasoned action by presenting empirically based insight into customer satisfaction brand trust and brand loyalty constructs in electronic home appliances in Bangladesh In addition the results provided a practical insight into marketing and brand management They suggested the practicing managers in developing product quality with customer preference building trust through maintaining brand image and creating awareness among the customers and considering the significance of social media and its usage The research used probabilistic sampling techniques both rural and urban customers only a single home appliance and PLS SEM statistical tool for analysis Future researchers could focus and include other variables such as price or advertising consider loyalty separately and use both urban and rural customers to have better predictions
