

ChatGPT

Prompt Formula

- 1 Context
- 2 Task
- 3 Instruction
- 4 Clarify
- 5 Refine

Ignore the previous prompts in this conversation. You are an experienced content writer with high levels of expertise and authority within the tech industry. Your task is to write content that will be published online on websites, social media, email newsletters, and in advertisements. Your writing style is informative, friendly and engaging while incorporating humor and real-life examples. I will provide you with a topic or series of topics and you will come up with an engaging article outline for this topic. Do you understand?

Rewrite using more natural, expressive language and include some examples to accompany this information

Easy Chatgpt Prompts Guide Usa

Artificial Intelligence in Education: The Intersection of Technology and Pedagogy Peter Ilic,Imogen Casebourne,Rupert Wegerif,2024-12-02 This book offers a multidisciplinary perspective on the ways in which the careful integration of AI might enhance learning outcomes By inviting dialogue between engineering what is possible and pedagogy what might be desirable the book offers a holistic view of AI s potential for education Offering both case studies of practical implementation and pedagogically informed frameworks it focuses on appropriately integrating technology for educational benefit presenting a uniquely broad view The contributors who are both educators and technically proficient bring insights into teaching and assessment approaches research questions and technological affordances or constraints Essential for researchers educators and policymakers navigating the rapidly evolving educational technology landscape as AI becomes increasingly prevalent in every aspect of life

Pro Spring Boot 3 with Kotlin Peter Späth,Felipe Gutierrez,2025-01-17 Quickly and productively build complex Kotlin based Spring applications and microservices out of the box with minimal concern over things such as configurations This revised edition will show you how to fully leverage the Spring Boot 3 micro framework and apply it to create enterprise ready Kotlin based cloud native applications microservices and web applications that just work The book covers what has been added to the new Spring Boot 3 release including improved support for the Kotlin programming language changes to Stream Editor UI Maven Preemptive Authentication building Docker images using cloud native build packs building layered jars for optimized Docker images E2E traceability for configuration properties many dependency upgrades support for Spring Data and much more This book is your in depth pragmatic guide for increasing your enterprise Kotlin and cloud application productivity while decreasing development time It is a no nonsense guide with case studies of increasing complexity throughout the book The main author a senior solutions architect and Principal Technical instructor at Pivotal the company behind the Spring Framework shares his experience insights and first hand knowledge about how Spring Boot technology works and best practices This is an essential book for your Kotlin based Spring learning

and reference library What You Will Learn Build cloud native apps and microservices with the Spring Boot 3 framework Persist and access your data using and integrating with Spring Data Message with Kafka RabbitMQ and WebSockets Explore Spring Cloud projects Extend Spring Boot by creating your own Spring Boot Starter and Enable feature Test and deploy Spring Boot with best practices Effectively use Kotlin as a programming language for Spring applications Who This Book Is For Experienced Spring Java and Kotlin developers seeking increased productivity gains and decreased complexity and development time in their applications and software services

Innovations in Teaching and Learning for Health Professions Educators Roger Edwards,Bobbie Ann Adair White ,Ardi Findyartini,2025-06-02 The health professions continue to evolve and change rapidly as more opportunities and challenges emerge Hence health professions educators are required to be adaptive and nimble in their creation and adoption of teaching and learning innovations These innovations have included teaching with technologies like virtual reality gamification online applications and artificial intelligence Innovations also include know how such as emotional intelligence and ways of approaching the learning process through student centered learning experiences grounded in the cognitive science of learning Scholarship related to identification of the best uses of different innovations is difficult The same innovations have proven to be engaging in some contexts and burdensome in others Additionally simulation based education continues to incorporate innovations in how health professions educators are taught with more focus on effectiveness of the simulation educator including applications with distance simulation Training and development for health professions and simulation educators is becoming more formalized yet gaps on effectiveness of training and development efforts persist Faculty effectiveness especially as it relates to educational innovation adoption is difficult to measure and demonstration of related competencies is in its infancy The goal of this Research Topic is to bring together state of the art examples of scholarship in health professions education related to the awareness and appropriate adoption of innovation which is broadly defined as an idea practice technology and know how Evidence about the current state of emerging innovations effectiveness of innovations and evidence about the competencies needed for teaching in our evolving environments are all areas of interest for this collection All types of scholarship can support this focus including analyses based on primary quantitative and qualitative data collection secondary data analyses literature reviews and methodological infrastructure tool development Additionally scholarship investigating how these innovations have influenced health professions educators including their training and development is part of the goal of the collection The scope of this collection covers any innovations that are applicable to professional development and implementation for health professions educators More specifically we invite scholarship related to how educators prepare themselves for meeting the needs of their students given the changing roles and innovations available to both faculty and students across learning environments worldwide Examples of topics of interest include Analyses of innovation related to the evolving roles of health professions educators Reviews of educational innovation adoption by health professions education

faculty especially related to artificial intelligence linked applications Exploring factors associated with professional development training and effective educational innovation adoption by faculty Simulation based educational innovation applications for faculty development Faculty innovation in resource constrained environments in low and middle income countries Methodological challenges associated with studying educational innovations by faculty in health professions education and critical research needs associated with generating and evaluating educational innovations Methodological considerations associated with health professions education faculty competencies Theoretically focused analyses are welcome as long as they are linked to applications

Understanding Media Psychology Gayle S. Stever, David C. Giles, J. David Cohen, Mary E. Myers, 2025-07-23 *Understanding Media Psychology* is an authoritative introductory textbook on the growing field of media psychology Providing an overview of topics in the field it summarizes key concepts and theories and considers the importance of media psychology in today's society The second edition of this bestselling textbook has been fully updated to reflect the changing landscape of media psychology The new edition features a brand new chapter on news and political media as well as increased focus on AI and new forms of social media It covers core areas such as positive media psychology audience research and the effect of gaming violence advertising and pornography critically engaging with contemporary discussions around propaganda fake news deepfakes and how media and health psychology interacted during the COVID 19 pandemic and beyond Written by a team of expert authors this book will help readers understand the structures influences and theories around media psychology Particular care is also given to addressing the interaction between issues of social justice and the media as well as the effects media has on both the members of marginalized groups and how those groups are perceived A student website and instructor resources provide further ways to engage with the content and support teaching and learning Containing a range of pedagogical features throughout to aid teaching and student learning including vocabulary and key terms discussion questions and boxed examples this is an essential resource for media psychology courses at the undergraduate and introductory master's levels globally

The Project Management AI Handbook Prasad Kodukula, Gustavo Vinueza, 2025-09-09 *The Project Management AI Handbook Leveraging Generative Tools in Waterfall and Agile Environments* is an essential guide for project and portfolio management professionals business leaders and anyone interested in using generative AI to enhance project management Packed with use cases and prompts this book illustrates how AI tools can be applied through real world case studies that mirror actual projects and portfolios Whether you are managing projects using waterfall or agile methods this book demonstrates how generative AI can automate tasks streamline documentation generate project plans forecast risks and optimize project performance with greater efficiency and accuracy With its practical examples step by step use cases and expert insights this book is a must have resource for professionals at any level who are ready to integrate AI into their project management practices

Innovations and Challenges in Digital Literacies Rodney H. Jones, 2025-09-29 *Innovations and Challenges in Digital Literacies* questions

whether the current theoretical frameworks and pedagogical practices around digital literacies are sufficient to confront the technological social and political crises around digital media that we are experiencing today Drawing on extensive research in digital literacies discourse analysis and sociotechnical systems Jones reimagines digital literacies not simply as skills for making meaning and navigating information but as a more holistic project of figuring out how to fix what is broken about the internet and our broader societies The book focuses on seven key sites of repair action attention affect affinity visibility truth and humanity each site offering insights into how agency emotions relationships knowledge and intelligence emerge through our entanglements with digital technologies The text aims to provoke debate about how we define digital literacies in an age of political polarisation and rapid technological change It provides powerful tools for teaching learning and living more ethically with digital media With this book Jones invites readers to see themselves not just as users of digital technology but as fixers of broken systems and caretakers of our increasingly fragile world This approach provides a framework for educators students and researchers to collaboratively develop practical strategies to challenge the logics of technological and social systems cultivating new literacies for an age of online misinformation algorithmic governance and generative AI Open Access for this book was funded by the University of Reading UK The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Software Testing with Generative AI Mark Winteringham, 2024-12-10 The more you test the more you learn about your software *Software Testing with Generative AI* shows you how you can expand automate and enhance your testing with Large Language Model LLM based AI Your team will soon be delivering higher quality tests all in less time

DOWNLOAD for Parents John Sternfels, LPC, 2025-02-05 **DOWNLOAD for Parents** welcome to the digital age of parenting where the landscape of adolescent development has undergone a profound transformation In **DOWNLOAD** I embark on a journey that addresses the pivotal aspects of our children's lives sexual development social media and the delicate area of children keeping secrets **DOWNLOAD** is not just a book it's a guide a conversation starter and a roadmap for navigating the complexities of raising children in a world dominated by screens and social networks **DOWNLOAD** provides an essential understanding of human sexual development Often parents struggle with discussing puberty sexuality and the relationships their children will be exposed to in the digital age **DOWNLOAD** provides essential insights into age appropriate discussions fostering a safe space for your child's curiosity and promoting healthy attitudes toward their changing bodies Regarding social media we live in a world where the landscape changes **DOWNLOAD** delves into the impact of digital platforms on our children's lives From online friendships to cyberbullying I explore strategies to help guide parents in helping their children develop responsible digital citizenship maintaining healthy boundaries and fostering positive online interactions Adolescence is when our children may grapple with secrets both their own and those entrusted to them **DOWNLOAD** addresses the delicate balance of privacy and transparency providing insights into recognizing red flags
