The Social Introvert Gerald Confienza, 2019-06-12 As an introvert, are you tired of all these books about accepting yourself for who you are? Would you rather learn the secret techniques behind flawless communication and charismatic social skills? If so, then read to the end. Being the introvert of the group meant that I was always the last to talk and the one whose opinions were never taken seriously. Seeing my dire predicament, I decided to improve my social skills. However, none of the techniques I learned from watching endless YouTube videos or reading self-help articles worked. At the end of the day, I still choked whenever it was time to speak up or get my points across. I was stuck, and I didn't see a way out. After spending the last few years assisting coaching programs, networking with famous self-development authors, and broadening my horizons of what is possible with the human mind, I've come to understand that becoming social on command is possible, even for the timidiest of introverts. In *The Social Introvert*, my readers will find techniques and exercises they can apply today to dramatically transform their social skills, improve their confidence, and communicate in a way they've always dreamed of. In *The Social Introvert*, you will find strategies for making friends and influencing people as an introvert. Discover a simple 3-step formula for establishing deeper connections with people and going beyond bland small talk. Discover how to use introversion to your advantage when improving your social skills. Discover the secret to flawless first impressions, even when you're feeling tired and drained.
