Computing, Internet of Things and Data Analytics Fausto Pedro García Márquez, Akhtar Jamil, Isaac Segovia Ramirez, Süleyman Eken, Alaa Ali Hameed, 2024-02-22 This book covers selected papers presented at the 2nd International Conference on Computing IoT and Data Analytics ICCIDA in 2022 organized by Universidad de Castilla La Mancha Spain August 11 12 2023 It highlights some of the latest research advances and cutting edge analyses of real world problems related to Computing IoT and Data Analytics and their applications in various domains This includes state of the art models and methods used on benchmark datasets Popular Science ,2000-01 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Beyond Hybrid Working** Andy Lake, 2023-12-22 Much more than a book about flexible working Beyond Hybrid Working is an engaging and practical management book to help organisations rethink all aspects of traditional work in the emerging post pandemic landscape and reap the benefits from working smarter Many organisations that had rapidly improvised and implemented Hybrid Working now want to take a more strategic approach Smart Working is being adopted across sectors from technology companies through the financial services sector to the public sector Andy Lake has supported implementations in businesses and public sector organisations for nearly 30 years including advising the UK Cabinet Office He sets out a strategic comprehensive and integrated approach to Smart Working in the context of new possibilities for working on a more distributed basis and the impact of new AI based technologies coming over the horizon He also explores the possibilities for greater flexibility for workers with hands on and site specific roles Featuring detailed case studies the book takes a pragmatic and evidence based approach covering different sectors and types of work and presents practical techniques for implementing change This is essential reading for anyone involved in transformational workplace change and increasing the efficiency of organisations It is written for managers who need to deliver change and professionals and researchers in the fields of People Workplace and Technology Popular Science ,2000-01 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Education and Technological Unemployment** Michael A. Peters, Petar Jandrić, Alexander J. Means, 2019-04-29 This book examines the challenge of accelerating automation and argues that countering and adapting to this challenge requires new methodological philosophical scientific sociological economic ethical and political perspectives that fundamentally rethink the categories of work and education What is required is political will and social vision to respond to the question What is the role of education in a digital age characterized by potential mass technological unemployment Today's technologies are beginning to cost more jobs than they create and this trend will continue There have been many proposed solutions to this problem and they

invariably involve an educational vision Yet in a world that simply doesn't offer enough work for everyone education is clearly not a panacea for technological unemployment This collection presents responses to this question from a wide spectrum of disciplines including but not limited to education studies philosophy history politics sociology psychology and economics
