**Being at Work** Mark Cole,2025-11-18 This thought provoking and ground breaking book offers a way for us all to consider our experience of being at work and of the nature of working life Written in an engaging and accessible style it presents the practical means by which to apply central features of existentialism to make sense of how we relate to work and the workplace These include topics such as freedom and choice looking for purpose and making meaning and authenticity We spend a great deal of time at work and being at work is often a challenge Reference to the past in a corporate context tends to see it as a graveyard for errors and failures the future is something articulated by senior leaders and the place to which we are expected to travel in terms of their definition The specious present is the place where we experience our being in the moment the location where we do our work but it is rarely acknowledged in the places where we work This book offers new insights into how we can all meaningfully live our lives in the context of the world of work To do this it offers a personalised understanding of the existentialist way of

philosophising It looks to simplify complex concepts in order to offer the reader a different way of thinking about the time that they spend at work and how they might consider different and more positive ways of being in such an environment It recognises that we spend a considerable amount of our life in the workplace and so argues that we need to consider that and find ways in which to make that experience personally meaningful Where other practices designed to help people to make sense of their actual experience are introspective existentialism is reflexive and active Similarly where those other approaches are deeply individualistic existentialism constantly reminds us that our choices are undertaken in relation to others and that they have a collective implication Whether you are keen to make sense of your experience of workplace and what it means to be a human being in that context or looking to explore how you embrace the challenges of being a leader in business this book will offer you rich perspectives for sense making and ways of rethinking your presence at work *PC Mag* ,1990-04-24 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology **Computerworld** ,1997-02-10 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld s award winning Web site Computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global IT media network Social Skills Activities for Secondary Students with Special Needs Darlene Mannix,2022-03-25 A practical and hands on collection of worksheets to help students learn social skills In the newly revised Third Edition of Social Skills Activities for Secondary Students with Special Needs veteran educator Darlene Mannix delivers an invaluable and exciting collection of over 150 ready to use worksheets designed to help adolescents with special needs build social skills understand themselves and interact effectively with others Organized into three parts the book covers lessons in self understanding and personality traits basic social skills and social skills application It also contains 30% brand new material and thoroughly updated content that includes new lessons and technology updates Updated topics including safe social media navigation leisure situation social skills and cyberbullying Stand alone lessons and worksheets that offer excellent foundations for individual teachings Perfect for special educators general education teachers and school counselors and psychologists Social Skills Activities for Secondary Students with Special Needs is also an indispensable resource for the parents of special needs children and teachers in training **Welding Engineer** ,1933 Modern Office Technology ,1987 *Roads and Streets* ,1957 Issues for include section Bituminous roads and streets **Public Works** ,1971 **InfoWorld** ,1989-08-14 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects PC Magazine ,1990 **Foreign Service Journal** ,2008 **The Software Encyclopedia** ,1988 Microtimes ,1990-05 **InfoWorld** ,1987 **The Times Index** ,2008 Indexes the Times and its supplements Metallurgia ,1990 PC Tech Journal ,1986 **5 Western Hometown Daily Newspapers** Hometown
