How Do I Remote Work Productivity Guide For Teachers:

Teachers Time Management for the Digital and Green Age Fabrice Serodes, 2025-09-08 This timely and essential study examines how the twin transitions of digitalisation and ecological responsibility are reshaping the foundations of contemporary education The book explores the systemic shifts in school organisation professional roles and working conditions positioning itself at the intersection of educational management sustainability and technological change It identifies persistent structural barriers that have been a hindrance to the implementation in recent years ranging from inadequate infrastructure to institutional resistance It also highlights innovative practices that have emerged through cross disciplinary collaboration and pedagogical experimentation Furthermore it offers solutions that will help overcome the obstacles Drawing on extensive empirical research and actual case studies it captures the pressures placed on educators particularly during crises and the potential for renewal A central focus lies in rethinking time use task coordination and teacher well being advocating for adaptive strategies and institutional support In alignment with the European Union s strategic agenda the book calls for an education system that is not only future ready but also equitable humane and resilient

Lehrbuch der National Okonomie/Teaching Guide to Economics Heinrich Pesch, 2002 This is the first English translation of the works of Heinrich Pesch SJ 1854 1926 Pesch a German Jesuit scholar and economist wrote the longest most exhaustive economics text ever written one that deserves to be regarded as a kind of Summa Economica The five volume Lehrbuch der Nationalokonomie examines all serious economic thinking up until Pesch s time culling what was deficient retaining what was worthwhile and filling in what its author perceived to be lacking The result was a design for an economic system that is opposed to both classically liberal capitalism and state socialism based instead on Aristotelian Thomistic philosophical premises Pesch developed many of the basic principles which emerged in the social encyclicals of the Catholic Church

Executive Education after the Pandemic Santiago Iñiguez, Peter Lorange, 2021-11-29 Business education and executive development has been one of the most fascinating industries in the world and the fastest growing segment of higher education over the past decades Today it is experiencing change on a scale unprecedented since the foundation of the first business schools in the early 20th Century both due to changes in the corporate environment and also due to the impact of the COVID 19 pandemic across all industries In this context how do you create world class educational and training institutions that can cope with those challenges and be rigorous vocationally relevant and suited to the corporate growing needs in this new fluid world And how do you combine the very best of traditional academic values with new learning technologies to create an educational model that is fit to compete in the global economy threatened today by populism nationalism and economic turmoil Yet as daunting as it is some institutions have already made significant progress in the journey In this book Santiago Iñiguez de Onzo o President of IE University and Peter Lorange former President of IMD bring together contributions from leading figures from some of the world s major universities They share their experiences in
