Digital Intermediation Jonathon Hutchinson,2023-05-31 Digital Intermediation offers a new framework for understanding content creation and distribution across automated media platforms a new mediatization process This book draws on empirical and theoretical research to carefully identify and describe a number of unseen digital infrastructures that contribute to a predictive media production process through technologies institutions and automation

Field data is drawn from several international sites including Los Angeles San Francisco Portland London Amsterdam Munich Berlin Hamburg Sydney and Cartagena By highlighting an increasingly automated content production and distribution process this book responds to a number of regulatory debates on the societal impact of social media platforms It highlights emerging areas of key importance that shape the production and distribution of social media content including micro platformisation and digital first personalities This book explains how technologies institutions and automation are used within agencies to increase exposure for the talent they manage while providing inside access to the processes and requirements of producers who create content for platform algorithms Finally it outlines user agency as a strategy for those who seek diversity in the information they access on automated social media content distribution platforms The findings in this book provide key recommendations for policymakers working within digital media platforms and will be invaluable reading for students and academics interested in automated media environments Shifting Mobility Dewan Masud

Karim,2023-12-01 In the face of resource depletion environmental changes lifestyle changes demographic and digital adaptation old ideologies of city building and expensive and complex automobility solutions are in freefall These changes are creating severe friction between the old and new paradigms This book provides new perspectives through the process of ideological disassociation and concepts of human mobility code The basic premise of the book human mobility is an essential component of our creativity that comes from our unconscious desire to become a part of a community Several new concepts in the book starts with the hallmark of new discovery of human mobility code and its implications of urban mobility boundary systems to stay within safe planetary zone A new discovery of human mobility code from comprehensive research finding prove that each individual develops a unique mobility footprint and become our mobility identity Beyond individual hallmarks human develops collective mobility codes through interaction with the third space on which entire mobility systems lie and are created by the fundamentals of city planning and the design process Readers are introduced to an innovative mobility planning process and reinvention of multimodal mobility approaches based on new mobility code while formulating new concepts practical solutions and implementation techniques tools policies and processes to reinforce low carbon mobility options while addressing social equity environmental and health benefits Finally the book arms us with knowledge to prevent the disaster of full technological enlightenment against our natural human mobility code Conspiracy Theories in the Time

of Covid-19 Clare Birchall,Peter Knight,2022-11-04 Conspiracy Theories in the Time of Covid 19 provides a wide ranging analysis of the emergence and development of conspiracy theories during the Covid 19 pandemic with a focus on the US and the UK The book combines digital methods analysis of large datasets assembled from social media with politically and culturally contextualised close readings informed by cultural studies In contrast to other studies which often have an alarmist take on the infodemic it places Covid 19 conspiracy theories in a longer historical perspective It also argues against the tendency to view conspiracy theories as merely evidence of a fringe or pathological way of thinking Instead the starting

assumption is that conspiracy theories including Covid 19 conspiracy theories often reflect genuine and legitimate concerns even if their factual claims are wide of the mark The authors examine the nature and origins of the conspiracy theories that have emerged the identity and rationale of those drawn to Covid 19 conspiracism how these conspiracy theories fit within the wider political economic and technological landscape of the online information environment and proposed interventions from social media platforms and regulatory agencies This book will appeal to anyone interested in conspiracy theories misinformation culture wars social media and contemporary society The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution CC BY 4.0 license
