Accounting Standards True Or False:

Accounting Standards: True or False? R.A. Rayman, 2013-09-13 Following a spate of high profile financial scandals including Enron WorldCom and Parmalat the quality of financial information has come under increasing scrutiny Many of the accounting standards being imposed on the profession by regulators and standard setting bodies are now attracting criticism from the business community and the accountancy profession itself In this book Anthony Rayman traces a fundamental flaw in the conventional academic wisdom back to the nineteenth century and proposes an alternative conceptual framework He argues that effective corporate governance can be achieved not by expensive and counterproductive regulations like the US Sarbanes Oxley Act and some International Accounting Standards but by an enhanced accounting information system that exposes corporate management to the full rigour of market forces
