analyzing and comparing their related but distinctly different approaches This book confronts the sexism that still exists in actor training and exposes the gender biases embedded within the Method itself Its in depth examination of these Stanislavskian techniques seeks to reclaim Method acting from its patriarchal practices and to empower women who act I've been waiting for someone to write this book for years a thorough going analysis and reconsideration of American approaches to Stanislavsky from a feminist perspective lively intelligent and engaging Phillip Zarrilli University of Exeter Theatre people of any gender will be transformed by Rose Malague's eye opening study *An Actress Prepares* This book will be useful to all scholars and practitioners determined to make gender equity central to how they hone their craft and their thinking Jill Dolan Princeton University
