Master Plan Heather Pringle, 2006-02-15 A fascinating volume detailing the Nazis crackpot theories about prehistory and the Indiana Jones style lengths they went to prove them Publishers Weekly In 1935 Heinrich Himmler established a Nazi research institute called The Ahnenerbe whose mission was to send teams of scholars around the world to search for proof of ancient Aryan conquests But history was not their most important focus Rather the Ahnenerbe was an essential part of Himmler s master plan for the Final Solution The findings of the institute were used to convince armies of SS men that they were entitled to slaughter Jews and other groups And Himmler also hoped to use the research as a blueprint for the breeding of a new Europe in a racially purer mold The Master Plan is a groundbreaking expose of the work of German scientists and scholars who allowed their research to be warped to justify extermination and who directly participated in the slaughter many of whom resumed their academic positions at war s end It is based on Heather Pringle s extensive original research including previously ignored archival material and unpublished photographs and interviews with living members of the institute and their survivors A sweeping history told with the drama of fiction The Master Plan is at once horrifying transfixing and monumentally important to our comprehension of how something as unimaginable as the Holocaust could have progressed from fantasy to reality Pringle s engrossing book explores a little known corner of Nazi history the story of the Ahnenerbe rich in such bizarre characters ridiculous theories and colorful anecdotes Massively researched and engagingly written The Daily Telegraph **Herman Wirth** ,1930 Herman Wirth Aat van Gilst, 2006 Biografie van de Nederlandse geleerde 1885 1981 bekend om zijn originele visie op het gebied van Nederlandse filologie prehistorie muziekwetenschap en oude culturen en controversieel vanwege de belangstelling van de nazi s voor zijn denkbbeelden

Atlantis and the Cycles of Time Joscelyn Godwin, 2010-11-18 A comprehensive study of the major occult writings on Atlantis Fully examines the many occult teachings on Atlantis including those from G I Gurdjieff Madame Blavatsky Julius Evola Edgar Cayce Fabre d Olivet and Dion Fortune Shows how these writings correlate with the concept of cyclical history such as the Mayan calendar and 2012 the Age of Aquarius and the four Yugas By a renowned scholar author editor and translator of more than 30 books Atlantis has held a perennial place in the collective imagination of humanity from ancient Greece onward Many of the great minds of the occult and esoteric world wrote at length on their theories of Atlantis about its high culture its possible location its ultimate demise and their predictions of a return to Atlantean enlightenment or the downfall of modern society Beginning with a review of the rationalist writings on Atlantis those that use geographic and geologic data to validate their theories renowned scholar Joscelyn Godwin then analyzes and compares writings on Atlantis from many of the great occultists and esotericists of the 19th and 20th centuries including Fabre d Olivet G I Gurdjieff Guido von List Julius Evola Edgar Cayce Dion Fortune and Ren Gu non whose writings often stem from deeper metaphysical sources such as sacred texts prophecy or paranormal communication Seeking to unravel and explain the histories and

interpretations of Atlantis and its kindred myths of Lemuria and Mu the author shows how these different views go hand in hand with the concept of cyclical history such as the Vedic system of the four Yugas the Mayan calendar with its 2012 end date the theosophical system of root races and the precession of the equinoxes Venturing broader and deeper than any other book on Atlantis this study also covers reincarnation human evolution or devolution the origins of race and catastrophe theory

Digging for Hitler David Barrowclough ,2017-01-20 During the 1930s in the build up to the Second World War the Nazis established a band of specialists the SS Ahnenerbe under the command of Heinrich Himmler and Hermann Wirth Their aim was nothing less than to prove the superiority of the Aryan race and with it the unique right of the German people to rule Europe The occult figured as a key feature in many of these increasingly desperate quack research efforts Part science part espionage and part fantasy Archaeological expeditions were sent to Iceland Tibet Kafiristan North Africa Russia the Far East Egypt and even South America and the Arctic The Nazi Ancestral Heritage Societys chief administrator was Dr Wolfram Sievers who cruelly conducted medical experiments on prisoners in concentration camps and was responsible for the looting of historic artefacts considered Germanic for return to Germany He rewarded those academics that took part with high military office whilst those academics who contradicted or criticized the SS Anenerbe were carted off to concentration camps where they faced certain death This book tells the true history of the real life villains behind the Indiana Jones movies Sometimes truth really is stranger than fiction

Myth, Matriarchy and Modernity Peter J. Davies,2010 This study explores the prevalence in German culture of myths about ancient matriarchal societies tracing their presence in left and right wing politics feminist and antifeminist writing sociology psychoanalysis and literary production The work of the Swiss theorist of matriarchy Johann Jakob Bachofen 1815-1887 has been highly influential and this book shows how the interpretation of his legacy became a battleground for conflicts about modernity myth race and nation sex and gender and ultimately the struggle between National Socialism and its opponents Publisher s website
