Miller, 2011-01-06 Students are bombarded every day with media messages laden with rules what makes our work valuable our bodies ideal our communities picture perfect *Acting Out Culture* empowers students to use writing to speak back to their culture and question its rules Featuring fresh readings by writers who lay bare and challenge the rules we live by the second edition of *Acting Out Culture* gives students the tools they need to analyze and write critically about assumptions at the heart of cultural norms *Acting Out* John Rohrbach, 2020-06-30 Cabinet cards were America's main format for photographic portraiture throughout the last quarter of the nineteenth century Standardized at 6 x 4 inches they were just large enough to reveal extensive detail leading to the incorporation of elaborate poses backdrops and props Inexpensive and sold by the dozen they transformed getting one's portrait made from a formal event taken up once or twice in a lifetime into a commonplace practice shared with friends The cards reinforced middle class Americans sense of family They allowed people to show off their material achievements and comforts and the best cards projected an informal immediacy that encouraged viewers to feel emotionally connected with those portrayed The experience even led sitters to act out before the camera By making photographs an easygoing fact of life the cards forecast the snapshot and today's ubiquitous photo sharing Organized by senior curator John Rohrbach *Acting Out* is the first ever in depth examination of the cabinet card phenomena Full color plates include over 100 cards at full size providing a highly entertaining collection of these early versions of the selfie and ultimately demonstrating how cabinet cards made photography modern Published in association with the Amon Carter Museum of American Art Tentative exhibition dates postponed due to COVID 19 Amon Carter Museum of American Art August 2020 Los Angeles County Museum of Art LACMA 2021 **Writing as Punishment**

in Schools, Courts, and Everyday Life Spencer Schaffner, 2019-06-11 A probing and prescient consideration of writing as an instrument of punishment Writing tends to be characterized as a positive aspect of literacy that helps us to express our thoughts to foster interpersonal communication and to archive ideas However there is a vast array of evidence that emphasizes the counterbelief that writing has the power to punish shame humiliate control dehumanize fetishize and transform those who are subjected to it In *Writing as Punishment in Schools Courts and Everyday Life* Spencer Schaffner looks at many instances of writing as punishment including forced tattooing drunk shaming court ordered letters of apology and social media shaming with the aim of bringing understanding and recognition to the coupling of literacy and subjection *Writing as Punishment in Schools Courts and Everyday Life* is a fascinating inquiry into how sinister writing can truly be and directly questions the educational ideal that powerful writing is invariably a public good While Schaffner does look at the darker side of writing he neither vilifies nor supports the practice of writing as punishment Rather he investigates the question with humanistic inquiry and focuses on what can be learned from understanding the many strange ways that writing as punishment is used to accomplish fundamental objectives in everyday life Through five succinct case studies we meet teachers judges parents sex traffickers and drunken partiers who have turned to writing because of its presumed power over writers and readers Schaffner provides careful analysis of familiar punishments such as schoolchildren copying lines and more bizarre public rituals that result in ink covered bodies and individuals forced to hold signs in public Schaffner argues that writing based punishment should not be dismissed as benign or condemned as a misguided perversion of writing but instead should be understood as an instrument capable of furthering both the aims of justice and degradation
