

Jane Eyre

Part 1 (Ques)

1. Portrait Jane Eyre's sadness inside the Reed's house?

Jane's story really begins when she was ten years old. She was living with her aunt, Mrs. Reed, because her parents were dead. Mrs. Reed was very rich and her house was very large and beautiful but Jane wasn't happy there. Her three cousins, Elira, John and Georgiana, were older than her. They teased her and never wanted to play with her. Sometimes they were very cruel and she was afraid of them specially John Reed who liked to frighten her and made her very unhappy. She often hid from him in a small room where she liked to look at pictures in big books from the library there.

2. In what way can the members of the Reed family be defined as "bullies"?

Mrs. Reed and her children treated Jane cruelty. One day, when John found Jane hidden from him in the small room looking at pictures in big books in the library there, he was angry with her and decided to teach her not to take their property, so he picked up a large, heavy book and threw it at Jane. She tried to get out of the way, but she was too late, so the book hit her on the head and she fell. Jane touched her head and there was blood on it, so Jane shouted at John which made him angrier. He ran towards her and hit her again and again. Jane was very frightened, so she hit him back and John started to call his mother, Mrs. Reed, who shouted at Jane, didn't listen to her and didn't care about the blood running down her face, but she ordered two servants to take Jane and lock her in the red room where her husband died and everyone was afraid to enter this room specially at night as it was a very dark and cold room where Jane was very afraid and cried a lot for help, but no one answered her, so she fainted.

3. Jane Eyre couldn't waste the opportunity of telling the doctor the truth about her life. Discuss and show the result of telling that truth.

Jane fainted in the red room because of being very scared. When she woke up, she found herself in her own bed and the doctor was beside her. When the doctor asked the servant about why Jane was ill, the servant told him that she fell. But Jane found that it was a great chance for her to tell the doctor the truth about her life in Mrs. Reed's house. So she told him that she wasn't ill
