Preparing and accessing decent work amongst rural youth in Cambodia Food and Agriculture Organization of the United Nations,2019-08-12. The case study explores which skills and training opportunities young people need in order to gain access to decent employment in rural areas. The research was undertaken in order to develop recommendations to support the Ministry of Agriculture, Forestry and Fisheries (MAFF) and FAO Cambodia in developing appropriate recommendations to support rural young people, especially those of the 15 to 17 age cohort. The study highlights the limited decent employment opportunities that currently exist along various agricultural value chains in rural Cambodia. Poverty and the structural problems of the agricultural sector are the main barriers for youth in accessing decent rural employment. A substantial enhancement of the education system, as well as the provision of appropriate training services to ensure successful school-to-work transition, is seen as necessary to tackle these challenges. A well-balanced policy mix reflecting national and local circumstances can encourage employment opportunities and create an environment that

enables rural youth Building on previous research on agriculture in Cambodia agricultural transformation requires promotion of agribusiness enterprises support to community managed organizations of farmers promotion of agropreneurs and investments in agricultural and rural development particularly in infrastructure energy water education and health Moreover most youth entering agriculture are self employed and work as smallscale farmers Therefore the provision of skills and training in rural areas should focus on the skills required to be self employed Working Remotely Molly Virello,2022-05-09 In March of 2020 the world workforce moved to work remotely challenging the nature of what librarians accomplish while not being in their buildings and how libraries serve communities with their doors closed While the initial move to remote work was forced voices emerged that questioned why librarians couldn t work remotely for extended periods of time as part of their regular jobs Librarians are uniquely positioned to move themselves to remote work while also maintaining connections to their patron base and their colleagues but where to start Stepping outside the traditional library space librarians can carve out a space to work remotely while still retaining the ability to reach our patrons provide access to quality programming pave the way for libraries to share information promote resources and even lead change in their communities With times changing and our profession adapting so quickly this practical how to guide will help librarians set up an office space set a routine and adapt plan create implement manage and evaluate their programs and services to the best of their ability in order to unleash their library s potential to engage and wow their patrons and communities With worksheets and templates anecdotes about what works easily and what might prove challenging this book is ideal for today s librarian **4-Gen Leadership** Mark White,Sami Scarpitti,2024-12-06 4 Gen Leadership Thriving in a Multi Generational Workplace is a practical guide for those aspiring to be multi generational leaders in today s evolving business landscape 4 gen leadership is the philosophy and actions leaders can take to help all generations baby boomers Gen X millennials and Gen Z be accepted honored and united into one effective harmonious team The authors have created a resource that leaders across every industry at all levels of leadership will find useful This book helps established and emerging leaders understand the generations in their workforce and how to bridge the new generation gaps in their organizations Each chapter contains reflective questions to help the readers apply the book s concepts to their work environment a section titled Voices from the Generations which shares insightful views from one of the many successful leaders interviewed for the project a Real World Connection segment which is a scenario in which the readers see how a hypothetical problem might be solved by using a multi gen leadership lens and finally an activity worksheet that points readers toward the next steps they can take to strengthen their multi gen leadership skills and the culture *The Status of Youth in Agrifood Systems* Food and Agriculture Organization of the United Nations, The world s agrifood systems stand at a crossroads With 1.3 billion youth globally the future of food livelihoods and economic resilience depends on their participation in agrifood systems At the same time agrifood systems need youth to drive productivity innovation and sustainability in a crucial and rapidly evolving sector FAO s

The Status of Youth in Agrifood Systems report is a call to action. It presents the most comprehensive evidence based analysis of youth in agrifood systems to date highlighting both the opportunities and structural barriers that shape their engagement. It explores how transforming agrifood systems can enhance decent job opportunities and food security for youth and how empowered youth can drive this transformation. It concludes highlighting policy recommendations and areas of investments to foster more equitable and sustainable agrifood systems where rural youth are both beneficiaries and leaders of change.

Just as the utility of electricity is required to power our lights and equipment and oil or gas insures our heat in the winter a firm's network infrastructure MUST be always in place to maintain its Internet access, computerization, phone system and a host of other mission critical applications. Contrary to days passed, companies can no longer function without these. Their customers, employees and vendors expect business networks to be fully functional, expeditious, security protected and accessible around the clock. This book addresses the implications of failing to insure that all your IT functions are utility status and tells non technical executives what needs to be done from a managerial perspective to achieve true utility status as well as how to pro actively monitor such functions to make sudden catastrophes a thing of the past. The book will provide case studies of companies who have lost money and business because they failed to heed this message.
