

First Aid

- First Aid is not all you do!
- **Your primary responsibility is to recognize if the situation is life threatening and call 911**
- You are a “lay responder”... this means that you are not professionally trained and are not obligated to help
- Your responsibility if you choose to help is to help a victim with the skills that you have until professionals arrive

Introduction To First Aid:

Introduction to Health and Safety at Work Phil Hughes, Ed Ferrett, 2009 Introduction to Health and Safety at Work has been developed for the NEBOSH National General Certificate in Occupational Safety and Health. Each element of the syllabus has a dedicated chapter and both taught units are covered in this book. A chapter on international aspects also makes this book suitable for the NEBOSH International General Certificate in Occupational Safety and Health. Previous editions of this book have been used for other NVQ level 3 and 4 courses in health and safety. Full colour pages and hundreds of illustrations bring health and safety to life. To make studying easier, each chapter starts with learning outcome summaries and ends with questions taken from recent NEBOSH examinations. Specimen answers and a study skills chapter aid exam preparation. As an introduction to all areas of occupational safety and health, the book acts as a practical reference for managers and directors with health and safety responsibilities and safety representatives. It covers the essential elements of health and safety management, the legal framework, risk assessment and control standards, and includes handy forms and checklists. New in this edition: Updated throughout in line with changes in the regulations. Learning outcomes now included at the beginning of each chapter. Companion website with downloadable health and safety forms. Endorsed by NEBOSH. Student friendly presentation in full colour, packed with illustrations and photographs. Revision questions and sample answers taken from recent NEBOSH examinations to test your knowledge. Includes a summary of the main legal requirements, ideal for both students and managers. A free companion website is also available at www.elsevierdirect.com/companions/9781856176682 and features editable health and safety forms. Selected appendices sections in electronic format. Phil Hughes MBE MSc CFIOSH is a former Chairman of NEBOSH 1995-2001, former President of IOSH 1990-1991 and runs his own consultancy. He received an MBE for services to health safety and as a director of RoSPA in the New Years Honours List 2005. Ed Ferrett PhD BSc Hons Eng CEng MIMechE MIET CMIOSH is a former Vice Chairman of NEBOSH 1999-2008 and a lecturer on NEBOSH courses at Cornwall Business School of Cornwall College. He is a Chartered Engineer and a health and safety consultant.

The First Aid Family Annabel Wood, 2015-06-30 When her young son was less than keen to sit still for an ice pack after a bump to the head, Annabel Wood had a wonderful idea: why not write a book for families and carers with a cast of fun and helpful characters teaching them about first aid? *The First Aid Family: An Early Introduction to First Aid* is a fun, non-threatening book for the whole family, inspiring kids to lose their fear of first aid and gain an understanding of just how these wonderful medical helpers work to make them feel better. Kids will love learning about how the different members of the First Aid Family can help them feel better, and parents will be amazed at how much easier it can be to help their kids when injured or ill, all with the right information and approach. Peppered with friendly characters and interesting info, *The First Aid Family: An Early Introduction to First Aid* is a great tool for parents and carers and a wonderful and practical resource that will give children a solid knowledge of first aid that will stay with them throughout the years.
