# Concepts and Cases in Nursing Ethics

edited by Michael Yeo, Anne Moorhouse Parvela Khan, and Patricia Rodney

# **Concepts And Cases In Nursing Ethics 3rd Edition**

Lori A. Roscoe, David P. Schenck

#### **Concepts And Cases In Nursing Ethics 3rd Edition:**

Concepts and Cases in Nursing Ethics, second edition Michael Yeo, Anne Moorhouse, 1996-09-13 Concepts and Cases in Nursing Ethics maps the ethical landscape of contemporary nursing The book is the product of a collaboration between philosopher ethicist Michael Yeo nurse ethicist Anne Moorhouse and six representatives of various areas of professional nursing It thus combines philosophical and ethical analysis with nursing knowledge and experience in a manner that is both understandable and relevant The book is organized around six main concepts in nursing ethics beneficence autonomy confidentiality truth telling justice and integrity A chapter is devoted to the elucidation of each of these concepts In each chapter historical background and conceptual analysis are supplemented by case studies that exemplify issues and show how the concept applies in nursing practice In this new edition the materials in each chapter have been updated to reflect recent developments in nursing and more generally in health care In addition a totally new chapter on ethical theory has been added Complete with bibliographies and study questions for further analysis of cases this book is ideally suited for textbook use It will help both practitioners and students to deal better with the clinical problems and issues that are encountered in the field However it's simple prose and clear exposition of complex issues will make Concepts and Cases in Nursing Ethics attractive to anyone concerned about health care **Concepts and Cases in Nursing Ethics - Third Edition** Michael Yeo, Anne Moorhouse, Pamela Kahn, Patricia Rodney, 2010-09-08 Concepts and Cases in Nursing Ethics is a case based exploration of the core principles of health care ethics applied to nursing The book is a collaboration between philosopher ethicist Michael Yeo and nurse ethicist and educators Anne Moorhouse Pamela Khan and Patricia Rodney It thus combines philosophical and ethical analysis with extensive knowledge and experience in nursing and health care The book is organized around six main concepts in health care ethics beneficence autonomy truthfulness confidentiality justice and integrity A chapter is devoted to the elucidation of each of these concepts In each chapter historical background and conceptual analysis are supplemented by case studies that exemplify issues and show how the concept applies in health care and nursing practice In this new edition the conceptual analysis throughout has been updated and reworked in view of changes in the health care system In addition there is a new chapter specifically devoted to recent developments affecting nursing and other health professions Previous case studies have been modified and new ones added to address current and emerging issues Although the text focuses mainly on the social and political situation of nursing the analysis has relevance also for medicine and the allied health professions and indeed for anyone working in the health system **Concepts and Cases in Nursing** Ethics - Fourth Edition Michael Yeo, Anne Moorhouse, Pamela Khan, Patricia Rodney, 2020-08-15 A portion of the revenue from this book s sales will be donated to Doctors Without Borders to assist the humanitarian work of nurses doctors and other health care providers in the fight against COVID 19 and beyond Concepts and Cases in Nursing Ethics is an introduction to contemporary ethical issues in health care designed especially for Canadian audiences The book is organized

around six key concepts beneficence autonomy truth telling confidentiality justice and integrity Each of these concepts is explained and discussed with reference to professional and legal norms. The discussion is then supplemented by case studies that exemplify the relevant concepts and show how each applies in health care and nursing practice. This new fourth edition includes an added chapter on end of life issues and it is revised throughout to reflect the latest developments on topics such as global health ethics cultural competence social media and palliative sedation as well as ethical issues relating to COVID 19

Concepts and Cases in Nursing Ethics - Third Edition Michael Yeo, Anne Moorhouse, Pamela Kahn, Patricia Rodney, 2010-09-08 Concepts and Cases in Nursing Ethics is a case based exploration of the core principles of health care ethics applied to nursing The book is a collaboration between philosopher ethicist Michael Yeo and nurse ethicist and educators Anne Moorhouse Pamela Khan and Patricia Rodney It thus combines philosophical and ethical analysis with extensive knowledge and experience in nursing and health care The book is organized around six main concepts in health care ethics beneficence autonomy truthfulness confidentiality justice and integrity A chapter is devoted to the elucidation of each of these concepts In each chapter historical background and conceptual analysis are supplemented by case studies that exemplify issues and show how the concept applies in health care and nursing practice In this new edition the conceptual analysis throughout has been updated and reworked in view of changes in the health care system In addition there is a new chapter specifically devoted to recent developments affecting nursing and other health professions Previous case studies have been modified and new ones added to address current and emerging issues Although the text focuses mainly on the social and political situation of nursing the analysis has relevance also for medicine and the allied health professions and indeed for anyone working in the health system Safeguarding Adults in Nursing Practice Ruth Northway, Robert Jenkins, 2013-01-11 All nurses whatever setting they work in are likely to encounter people who are at risk of abuse and neglect Recent reports have highlighted poor care and abuse and safeguarding adults is therefore a key requirement in pre registration programmes This book seeks to raise nurses awareness of vulnerability abuse and neglect whilst providing them with the knowledge and skills required to safeguard those within their care It encourages them to make links between theory and practice to think critically in order to achieve the necessary balance between protection and empowerment and to examine how their personal practice may be improved Advanced Practice Palliative Nursing Constance Dahlin, Patrick J. Coyne, Betty R. Ferrell, 2016-02-25 Advanced Practice Palliative Nursing is the first text devoted to advanced practice nursing care of the seriously ill and dying This comprehensive work addresses all aspects of palliative care including physical psychological social and spiritual needs Chapters include symptoms common in serious illness pediatric palliative care spiritual and existential issues issues around the role and function of the advanced practice nurse APN reimbursement and nursing leadership on palliative care teams Each chapter contains case examples and a strong evidence base to support the highest quality of care The text is written by leaders in the field and includes authors who have pioneered the role of the

advanced practice nurse in palliative care This volume offers advanced practice content and practical resources for clinical practice across all settings of care and encompassing all ages from pediatrics to geriatrics Textbook of Palliative Care Communication Elaine Wittenberg PhD, Betty R. Ferrell RN, PhD, MA, FAAN, FPCN, CHPN, Joy Goldsmith PhD, Thomas Smith MD, Sandra Ragan MD, Myra Glajchen, The Rev. George Handzo, 2015-10-23 The Textbook of Palliative Care Communication is the authoritative text on communication in palliative care providing a compilation of international and interdisciplinary perspectives The volume was uniquely developed by an interdisciplinary editorial team to address an array of providers including physicians nurses social workers and chaplains and unites clinicians with academic researchers interested in the study of communication By featuring practical conversation and curriculum tools stemming from research this text integrates scholarship and inquiry into translatable content that others can use to improve their practice teach skills to others and engage in patient centered communication The volume begins by defining communication explicating debatable issues in research and highlighting specific approaches to studying communication in a palliative care context Chapters focus on health literacy and cultural communication patient and family communication barriers and approaches to discussing palliative care with specific patient populations discussing pain life support advance care planning and quality of life topics such as sexuality spirituality hope and grief Team communication in various care settings is outlined and current research and education for healthcare professionals are summarized Unique to this volume are chapters on conducting communication research both qualitatively and quantitatively to promote further research in palliative care **Concepts and Cases in** Communication and Bioethics at **Nursing Ethics** Michael Terrence Yeo, 1991 Paperbound Books in Print ,1992 the End of Life Lori A. Roscoe, David P. Schenck, 2017-12-07 This casebook provides a set of cases that reveal the current complexity of medical decision making ethical reasoning and communication at the end of life for hospitalized patients and those who care for and about them End of life issues are a controversial part of medical practice and of everyday life Working through these cases illuminates both the practical and philosophical challenges presented by the moral problems that surface in contemporary end of life care Each case involved real people with varying goals and constraints who tried to make the best decisions possible under demanding conditions Though there were no easy solutions nor ones that satisfied all stakeholders there are important lessons to be learned about the ways end of life care can continue to improve This advanced casebook is a must read for medical and nursing students students in the allied health professions health communication scholars bioethicists those studying hospital and public administration as well as for practicing physicians and educators Willard and Spackman's Occupational Therapy Barbara A. Schell, Glen Gillen, Marjorie Scaffa, Ellen S. Cohn, 2013-03-08 Willard and Spackman's Occupational Therapy Twelfth Edition continues in the tradition of excellent coverage of critical concepts and practices that have long made this text the leading resource for Occupational Therapy students Students using this text will learn how to apply client centered occupational evidence based approach across the full spectrum of practice settings

Peppered with first person narratives which offer a unique perspective on the lives of those living with disease this new edition has been fully updated with a visually enticing full color design and even more photos and illustrations Vital pedagogical features including case studies Practice Dilemmas and Provocative questions help position students in the real world of occupational therapy practice to help prepare them to react appropriately Toward a Moral Horizon Patricia Rodney, Janet L. Storch, Rosalie Catherine Starzomski, 2004 A Canadian nursing ethics book written specifically for study at an 1996 Healthcare CAI Directory Scott Alan Stewart, 1996-05-01 Contains descriptions for advanced level Back cover 864 computer assisted instruction and reference programs for Medicine Nursing Allied Health Dentistry and other health professions Those dealing with Patient Education and Health Promotion can be found in a seperate volume for Student Nurses, fourth edition Wendy Benbow, Gill Jordan, Anneyce Knight, Sara White, 2024-01-12 A Handbook for Student Nurses is widely recommended in institutions across the UK and is essential reading for new students The book provides an introduction to the essential background knowledge that pre registration nursing students need as a foundation for their training This fourth edition has been thoroughly revised to reflect the new NMC standards of proficiency for registered nurses and the most recent update of the NMC Code It incorporates the very latest developments in nurse education and in the health service A Handbook for Student Nurses covers the core of first year nursing studies Practice supervision and assessment Communication Legal and professional issues Values ethics and cultural awareness Reflection and personal development Quality care and evidence based practice Study skills Public health and promoting health and wellbeing An excellent introductory text for student nurses written in a clear and illuminative style Lecturer Adult Nursing

Encyclopedia of Bioethics Stephen Garrard Post, 2003 Forthcoming Books Rose Arny, 2000 Whitaker's Book List ,1991 Revue Canadienne de Recherche en Sciences Infirmières ,2002 Key Concepts and Issues in Nursing Ethics P. Anne Scott, 2017-03-08 Short case studies based on real stories from the health care arena ensure that each chapter of this book is rooted in descriptions of nursing practise that are grounded salient narratives of nursing care The reader is assisted to explore the ethical dimension of nursing practice what it is and how it can be portrayed discussed and analysed within a variety of practice and theoretical contexts One of the unique contributions of this book is to consider nursing not only in the context of the individual nurse patient relationship but also as a social good that is of necessity limited due to the ultimate limits on the nursing and health care resource This book will help the reader consider what good nursing looks like both within the context of limitations on resources and under conditions of scarcity Indeed any discussion of ethical issues in nursing should be well grounded in a conceptualisation of nursing that nursing students and practising nursing can recognise accept and engage with Nursing like medicine social work and teaching has a clear moral aim to do good In the case of nursing to do good for the patient However it is vital that in the pressurised constrained health service of the 21st century we help nurses explore what this might mean for nursing practice and what can reasonably be expected of the individual nurse

in terms of good nursing care  $\underline{\text{New Titles in Bioethics}}$ ,1996

#### Concepts And Cases In Nursing Ethics 3rd Edition Book Review: Unveiling the Power of Words
