Managing Technology Integration for Human Resources in Industry 5.0 Sharma, Naman, Shalender, Kumar, 2023-02-03

Although the transition between the first three industrial revolutions took more than a century Industry 4.0 is progressing quickly. The emergence of digitalization has been rapid thanks to the development of cutting edge technologies. Though we are witnessing this rapid technological decentralization and interconnectivity at present organizations and researchers are already discussing Industry 5.0 where full integration of the human side of business and intelligent systems is expected. In this scenario it is essential to look forward to such strategic workplaces that allow a combination of humans and technology to assure a high degree of automation merged with the cognitive skills of business leaders. Managing Technology Integration for Human Resources in Industry 5.0 provides insights into the impact of the Industrial Revolution 4.0 on human resources. It provides insights for both industry and academia to assist them in teaching and training the next generation leaders through universities and corporate training. Covering topics such as business performance, human technology integration and digitalization, this premier reference source is an essential resource for human resource managers, IT managers, organizational executives and leaders, entrepreneurs, students and educators of higher education, librarians, researchers and academicians.
