Pedagogy Of Relation Alexander M. Sidorkin, 2022-10-14 This book defines and galvanizes a new approach to education through refocusing it on human relations Following on the heels of lackluster accountability and choice based reforms this approach suggests that meaningful educational change depends on recognition that relations between students and teachers and among students are critically important Stakeholders must create intentional policies and practices that allow the relational side of education to flourish Focusing on the PK 12 educational system Pedagogy of Relation provides support for the claim that relations are the basis for successful learning that education is a profoundly social activity and to push educational reform in a new direction

Winning in the Robotic Workplace John F. Wasik, 2019-10-21 This book will examine the history of robotics and explicate what massive automation means for the present and future of labor in all its forms from mills and factories to the white collars offices of suburbia and more While warnings of a robot world takeover could seem dramatic the truth is more mundane robots have come to take our jobs Winning in the Robotic Workplace How to Prosper in the Automation Age will teach you the skills needed to reprogram the way you work in anticipation of this technological shift Author John F Wasik believes learning to thrive in the automation age can in fact humanize the workplace once again In Winning in the Robotic Workplace How to Prosper in the Automation Age you will learn to emphasize the conceptualization and pursuit of creative ideas a practice that most robots are unequipped to perform in a meaningful way You will learn that the successful integration of automated elements with humans is the most effective business model moving forward and that an eagerness
