things Rather than picking articles and blog posts about particular chef jobs it would be best for the readers to get their hands on this book that gives them a 360 degree view of this career What about the Interview Questions Of course that s the core of the book and the reason why you should be getting your hands on it With limited chef jobs in the US one has to be ace the interview to get that appointment letter in hand Even the slightest mistakes in the interview can cause the candidate to throw away the opportunity The best thing is that Chef Hooria has provided you with the accurate and apt answers to the questions as well The readers are going to love the fact that there are a total of 40 questions not 10 or 20 In these 40 questions they will discover just about any question and its variation that could be asked by the interviewer The answers have been given in plain language and they are quite descriptive The most important thing is that the answers explain to the readers what a question from the interviewer means and the best way to answer it Anyone who has only thought of being a chef will find this book to be a gem
