issue carries the subtitle Out of the Tin Can The temptation is to say that it s up to you to interpret it for there are many
interpretations possible Some of these might point to the David Bowie classic Space Oddity and the fact that at last many of
us in our societies are once again able to step out of the confinement imposed by the pandemic to breath freely again
Another interpretation hand in hand with the snappy front cover image might refer to Andy Warhol s iconic pop art
consumerism or simply the tastiness of the contents the tin cans hold a little like the insights in this magazine if I dare say
And lastly the shades of green to the cans give the message that our consuming society might well contain a new and more
responsible sustainable taste to it In any case we hope you download this Global Voice 21 issue open it up and consume its
insights with immoderation Enjoy your reading *The Flower Grower* ,1922
