Obligations and Control of Flag States Jörn-Ahrend Witt, 2007 This study gives an overview of the obligations of flag States and the control of their compliance with such obligations It outlines the main obligations as to maritime safety and security as well as marine pollution prevention under international as well as European law and shows the still existing enforcement deficits vis a vis non complying flag States as well as substandard ships Some of the main developments to counter these deficits such as the Voluntary Member State Audit Scheme on the IMO level or the Third Maritime Safety Package on the EU level are taken into account **COLREG** International Maritime Organization, 2003 This publication contains the consolidated text of the 1972 Convention as amended in 1981 1987 1989 1993 and 2001 Foreword

Maritime Autonomous Surface Ships (MASS) - Regulation, Technology, and Policy Chong-Ju Chae, Raphael Baumler, 2024-12-01 This book covers MASS regulation technology and policy MASS development began with the realization of the 4th industrial revolution technologies such as big data AI IoT and communication which were also linked to technological development in the maritime field However it is still unclear how MASS will operate This book is divided into three parts MASS regulation technology and policy and explains each part in detail Part I MASS regulation and safety deals with IMO works for MASS including IMO MASS RSE results which has been finished in 2021 In addition the United Nations Convention on the Law of the Sea UNCLOS one of the most important international conventions to be considered for MASS operation will be dealt with and various safety considerations will be explained in detail Through this this book explains in detail the regulatory considerations and safety considerations for MASS In particular the gaps and themes identified in IMO MASS RSE and the priority discussion needs are explained and based on this the development of a goal based non mandatory MASS code currently in progress is discussed UNCLOS is a convention like the blueprint of the IMO Conventions and it is very important to understand and meet the requirements of UNCLOS for the operation of MASS Therefore this book provides a detailed explanation of the application of UNCLOS In particular UNCLOS Article 94 would be a very important consideration Also this book covers COLREGs and technologies for MASS operations [Building a Normative Order in the South China Sea](#) Tran Truong Thuy, John B. Welfield, Le Thuy Trang, 2019 The South China Sea where a number of great powers and regional players contend for influence has emerged as one of the most potentially explosive regions in the world today What can be done to reduce the possibility of conflict solve the outstanding territorial problems and harness the potential of the sea to promote regional development environmental sustainability and security This book with contributions from leading authorities in China the Philippines Vietnam Australia Singapore and the United States seeks to illuminate these questions **Shipping Law Handbook** Michael Bundock, 2018-09-03 Anyone who deals with shipping disputes requires access to a mass of source materials These include international conventions statutes and statutory instruments arbitration rules and the most commonly encountered bills of lading charterparties insurance clauses guarantees and other contracts

Details of the parties to the international conventions are also required. The Shipping Law Handbook collects all this material in one convenient and easy to use volume. The Handbook deals with the following areas: arrest jurisdiction and applicable law, arbitration, limitation of liability, cargo claims, collision, marine insurance, oil pollution, salvage, towage and general average, standard forms. Each section has an introduction which gives a brief overview of the materials included, setting them in their context and noting probable future developments. The Handbook has been fully revised for this sixth edition. New items include the European Judgments Regulation Recast 2012, the LMAA Terms 2017, the Insurance Act 2015, the York Antwerp Rules 2016, the Inter Club Agreement 1996 amended 2011, Barecon 2017, Congenbill 2016, NYPE 2015 and updated lists of parties to international conventions. The Handbook is a highly practical work which anyone involved in shipping will wish to keep conveniently to hand. It is an essential reference work for shipping lawyers, arbitrators, P & I Clubs and their correspondents, shipowners, ship masters, agents and brokers.

Particularly Sensitive Sea Areas Markus J. Kachel, 2008-04-30. Designations of large Particularly Sensitive Sea Areas (PSSAs) triggered a controversial debate within the International Maritime Organisation (IMO) concerning the legal basis of PSSAs, the relationship between the IMO's PSSA guidelines and UNCLOS, as well as the competency of IMO to adopt mandatory protective measures in these areas. As a result, IMO conducted a review process which led to substantially updated guidelines adopted in late 2005. This book provides a detailed analysis of the PSSA guidelines and protective measures available in PSSAs. Emphasis is placed on their legal basis and the implications for coastal states' jurisdiction over vessel source pollution.

Fishing Gazette, 1978 **Unmanned and Autonomous Ships** R. Glenn Wright, 2020-03-11. Unmanned ships and autonomous ships are quickly becoming a reality, making shipping safer and more efficient. However, traditional tasks and functions are becoming blurred as new technology changes how the unique needs of different sectors are met. In addition to large vessels dedicated to the transport of goods and cargoes across the oceans, major efforts are underway towards the automation of small coastal shipping that includes ferries, tugboats, supply and service vessels and barges. Automated vehicles are also replacing conventional ships for inspecting and servicing pipelines, drilling platforms, wind farms and other offshore installations. Automated shipping is explored in terms of economics, technology, safety and the environment under the broad

themes of ship design and engineering command and control navigation communications security regulatory issues and training This includes initiatives for autonomous shipping as well as civilian implications of military ship automation programs This book is primarily for maritime professionals regulatory authorities insurers and environmental groups It also suits undergraduate students involved in deck officer training and graduate students and academics involved in research in ship design operations and management IMO News ,2004 Navigation Rules and Regulations Handbook United States Coast Guard,2019-07-14 Latest version last updated in February of 2018 Color print with high quality glossy cover This is the complete edition of the official U S C G NAVIGATION RULES and REGULATIONS HANDBOOK International Inland International Regulations for Preventing Collisions at Sea COLREGS and Inland Navigation Rules 33 CFR 83 This printed copy may serve as a Copy of these Rules required by Inland Rule 1 g 33 CFR 83 01 g **The Regime of Straits in International Law** Bing Bing Jia,1998 Straits are peripheral formations in the study of geography but have long been a source of controversy in international relations They connect separate seas and divide the territory of states This geographical fact invites legal disputes over international boundary drawing request for passage by foreign ships assertion of territorial control over the waters forming straits and the basis for a regime generally accepted as law in our times This is a thorough and well documented book which combines elements of history geography international shipping and the law of the sea It asks the central question what exactly is the current law governing this area and also goes on to consider the concept of international straits the distinction between existing treaty based regimes and the general regime and the special characteristics of straits that separate them from similar arms of the sea in terms of law In answering these questions the author takes us back to the first regime for international straits in 1949 through to the practices of the present day This will be an invaluable text for all international lawyers particularly those specializing in the law of sea *Regional Traffic Information System* ,1996 **A Guide to the Collision Avoidance Rules** Alfred Norman Cockcroft,J.
