I. Mission Statement

As guided by the philosophy of Thurgood Marshall College, to develop the scholar and the citizen, the Community Garden will serve as an opportunity to learn about social responsibility through sustainable living, an outdoor study area, and a means to develop a close-knit Marshall community.

II. Overview and Goals

The community garden will be developed and maintained by A.C.T. and SCORE, two well-established Marshall organizations. A.C.T. (Active Community at Thurgood Marshall College) is a club that fosters the ideals of social activism and community service funded by Thurgood Marshall College Student Council and advised by Marshall Administration. Throughout the year, A.C.T. has empowered Marshall students to become active citizens of their community by organizing beach clean ups, tutoring students for a Saturday School program, giving tours of campus to middle school students, fundraising for Heifer International, sponsoring a blood drive, and cleaning up local parks and canyon areas.

By providing opportunities for Marshall students to become involved in improving their community A.C.T. plays a significant role in developing Marshall students as both scholars and citizens.

SCORE (Student Committee on Residential Engagement) is a Residential Life organization focused on improving residential life in Marshall College on all levels from aesthetic appeal to community building through intentional programming. As one of the primary sources of residential programming, SCORE has worked for years to promote a more active community life for Marshall residents. Recently, they have been working within a set of three core themes spread throughout the year: Philanthropy, Culture, and Conservation. These themes have provided the backdrop for several programs of varying sizes and purposes. Smaller projects have included de-stress events and community BBQ's, with the goal of promoting overall well being and happiness of Marshall Residents. Larger projects have included an annual Conservation Fair and refurbishment of the Marshall Hump. All of these projects, large and small, have worked to promote community amongst Marshall residences, as well as establish SCORE as a key visible member within the Marshall community.

The support provided by these organizations and their respective advisors will ensure the garden's longevity and sustainability for years to come. Both advisors, Marshall Coordinator of Student Activities, Justin Glover, and Assistant Resident Dean Shane Moise, have agreed to jointly serve as points of contact for this garden.

Marshall Resident Advisors have also expressed support in favor of the garden. The R.A.s represent a direct connection to residents on campus, and with their support, it will be easier to reach almost every Marshall resident with updates about the garden. They have also proposed having designated plots for each resident hall and apartment buildings to cultivate and grow. By giving each building an assigned plot, students and R.A.'s have a more personal investment in the garden, encouraging them to maintain and use the space.
