The Media Systems in Europe Stylianos Papathanassopoulos, Andrea Miconi, 2023-08-17 This open access book traces the evolution of the European media landscape in the last 30 years from 1990 to 2020 It is based on the theoretical classical hypotheses of regional media systems provided by Hallin and Mancini and at the same time puts them to test The book further defines the proportions between geocultural patterns national regional European and global to outline evolutionary trends in media landscapes It analyzes to which degree European media have become more European in the historical course of administrative unification and breaks the results down into concrete indexes and indicators The book discusses the media systems of the member states of the European Union through a regional perspective identifying similarities differences as well as their convergence in the digital age It sheds light on the evolution of media systems in Europe introduces existing relevant theoretical perspectives and offers an overview of the new developments in European media The book will appeal to students researchers and scholars of political science communication media cultural and policy studies as well as practitioners and professionals interested in a better understanding of the European media landscape s evolution

The European Media in the Platform Era Stylianos Papathanassopoulos, Andrea Miconi, 2025-09-01 This book examines the significant changes reshaping the European media landscape in the context of rapid technological advancements political shifts and economic pressures It sheds light on the

economic political and structural forces behind these transformations focusing particularly on the impact of platformisation media convergence and the emergence of new players on media production distribution and consumption At the same time the book analyses how platform dominance is reshaping European media ownership by fostering mergers and collaborations while also raising concerns about media concentration Against this backdrop it also considers the evolving role of public broadcasters as governments and policymakers grapple with the challenge of regulating new media realities while maintaining diversity and pluralism It also discusses the implications of the trends for European identity and the European public sphere particularly the tension between a top down institutional and regulatory approach to Europeanisation Providing a detailed overview of the trends and shifts shaping the future of European media the book offers key insights into the dynamics and challenges of the contemporary media environment It will appeal to students researchers and media professionals interested in media studies European studies international communication and public policy Its insightful analysis and empirical grounding enable readers to gain a better understanding of the ongoing transformations in the European media sector and the future direction of the media in the digital platform era

The Haitian Media System and its Main Characteristics: A Model of the Precarious System of Democratic Transition Wisniqu Panier, 2023-06-26 This book presents a new theoretical model of a media system called the model of the precarious system of democratic transition The latter is based on fifteen parameters that characterize the Haitian media system and the environment in which it evolves This is a significant contribution to advancing knowledge in media studies and public communication in general After carefully analyzing different models of media systems existing in the scientific literature including the three models proposed by Halin and Mancini 2004 the author concludes that none of them applies to the typical Haitian case His study confirms the limitations of media system models resulting from Halin and Mancini's comparative studies in the context of Western countries It is a real reference document that gives an unprecedented reading grid to analyze the media systems of non Western countries particularly African or Latin American countries which have characteristics similar to that of Haiti Indeed in his doctoral thesis the author concluded that the Haitian media system has transformed over the past 60 years under the influence of three sets of factors linguistics democratic and technological Nevertheless he comes to the conclusion that the changes observed are only in the relations between the actors of the system without leading to a reconfiguration of the system The main characteristics of the Haitian media system and its environment remained unchanged from 1957 to 2022 So there is an inertia that keeps the system in an initial state

The Cultural Core of Media Systems Peter Gross, 2023-06-05 This book offers an alternative perspective to the reigning socio political and economic approaches to evaluating media systems and why and how they function Peter Gross outlines a cultural model a kaleidoscopic cultural prism for assessing the nature and functioning of these systems By testing this model in one Eastern European country Romania Gross contributes to existing scholarship on media theory media and transformation East and Central European media Romanian media and East

and Central European transformations in general Awareness of the inherent negatives in the cultural bricolage accumulated over the centuries while Romanians lived under physical administrative and ideological dominance of various empires is increasingly sown among the new generations This reality makes a culture driven understanding of Romania s media system even more urgent and meaningful for comprehending the evolving transformation Scholars of communication media studies and Eastern European studies will find this book of particular interest
