Essential Content Calendar Template Guide For Teachers:

From Rigorous Standards to Student Achievement Laura Mc Cullough, Michael D. Rettig, Karen Santos, 2013-09-27

This book showcases strategies which support teachers and principals as they implement high standards for students. At the same time it demonstrates how to meet the needs of diverse learners. The Online Teaching Survival Guide Judith V. Boettcher, Rita-Marie Conrad, 2016-08-29 Essential reading for online instructors updated to cover new and emerging issues and technologies. The Online Teaching Survival Guide provides a robust overview of theory based techniques for teaching online or technology enhanced courses. Covering all aspects of online teaching this book reviews the latest research in cognitive processing and related learning outcomes while retaining a focus on the practical. A simple framework of instructional strategies mapped across a four phase timeline provides a concrete starting point for both new online teachers and experienced teachers designing or revamping an online course. Essential technologies are explored in their basic and expanded forms and traditional pedagogy serves as the foundation for tips and practices customized for online learning. The tips cover course management, social presence, community building, integration of new technologies, discussion and questioning techniques, assessment and debriefing along with new coverage of intensive or accelerated courses, customizing learning strategies, developing expertise, advanced course design and assessment techniques exclusive to this new second edition. The theory and techniques of successful online teaching can be significantly different from those used face to face. With more and more classes being offered online this book provides a valuable resource for taking your course to the next level. Understand the technology used in online teaching. Learn specialized pedagogical tips and practices. Examine new research on cognition and learning. Adopt a clear framework of instructional strategies. The explosion of online learning has created a demand for great online teachers. Increasingly faculty who normally teach face to face are being asked to cover online courses yet comprehensive pedagogical resources are scarce. The learning curve is huge and faculty need a practical approach to course design and management that can be quickly and easily implemented. The Online Teaching Survival Guide provides that essential resource with a customizable framework and deeper exploration of effective online teaching.
