Chapter 25 The Conservative Tide Answers:

Liberal Hearts and Conservative Brains Ron Lipsman, 2007 Talk radio hosts seem to believe conservatives are from Mars and liberals are from Venus two different species in other words Ron Lipsman's new book uses a mix of rational analysis and personal history to suggest there may be deeper psychological laws at work here that help shape our worldviews He's on to something Elias Crim Publishing Consultant Professor Lipsman argues for a correlation between age and political philosophy which asserts that young people tend to gravitate toward liberalism while older people are usually more comfortable with conservatism and that additionally among the people who change their political preference over time more go from liberal to conservative than vice versa and finally he assesses the strengths of these trends examines the most interesting counter examples to these trends namely premature conservatives and aging liberals and explains what motivates them presents a history of the liberal conservative divide in America and then augments it with an assessment of its current status as well as a prediction of its future An insightful and witty examination of the values and beliefs that divide liberals and conservatives in America today A penetrating look at the concept of the aging liberal especially as it pertains to the Jewish and academic communities Bruce Bartlett nationally syndicated columnist

The Man Who Invented Conservatism Daniel J. Flynn, 2025-08-19 Frank Meyer devised the blueprint for American conservatism fusionism championed by Barry Goldwater Ronald Reagan and so many to this day Yet long before and far away Communists in London chanted Free Frank Meyer to block the deportation of a comrade who was their cause c l bre Those fervent Marxists could never have predicted that their hero would one day provide the intellectual energy necessary to propel conservatives to political power The Man Who Invented Conservatism unveils one of the twentieth century's great untold stories a Communist turned conservative an antiwar activist turned soldier and a free love enthusiast turned family man whose big idea captured the American Right This intellectual migration coincided with a clandestine affair inside 10 Downing Street service as a lieutenant to the man who later constructed the Berlin Wall and neighborly chats with the pop star and poet celebrity next door Present at the creation of National Review Meyer helped launch Joan Didion's writing career From H G Wells to Henry Kissinger to Milton Friedman he rubbed shoulders with everyone who mattered Having discovered Meyer's previously unexamined correspondence in an old soda warehouse Daniel J Flynn documents this saga in The Man Who Invented Conservatism exposing the rivalries jealousies friendships and fights that shaped the movement and what it means to be a conservative today
