Pediatric Nutrition in Chronic Diseases and Developmental Disorders Shirley Walberg Ekvall, Valli K. Ekvall, 2005-03-03

This much needed resource comprehensively reviews the current status of research on nutrition in chronic diseases and developmental disorders of children and helps translate this research into clinical practice. It provides a wealth of information on the nutritional implications of diseases, states how nutrition can affect brain development, learning, child behavior, and how to improve the health status of pediatric patients through nutritional measures. Assessment, prevention, and treatment are all covered. The chapters focus on biochemical and clinical abnormalities, techniques for evaluating nutrition, including behavior, nutritional management, and follow up procedures. Well organized and user friendly, the book will continue to be of great value to pediatricians, nutritionists, gastroenterologists, neurologists, family practitioners, and dietitians, as well as students and residents in those fields. The Second Edition has been thoroughly updated and includes new chapters on botanicals, genetics, and nutritional aspects of birth defects, vegetarianism, obesity, eating disorders, autism, and attention deficit hyperactivity disorder, among other topics. Also available from the author is a Self Study Guide with multiple choice questions and a few case studies. 35 CPE/CME credits are available until 2015. Saving Seniors' Savings Therese Johnson, 2017-09-08. Do you have a shadow of a life? Did you know that 67% of caregivers die before the person they are taking care of? Are you sleep deprived, physically, emotionally, financially, or mentally drained, or bankrupt? In *Saving Seniors' Savings*, Gerontologist Therese Johnson explains where to find resources to get caregivers and the money to pay for them, as well as plenty of financial resources that are available to everyone. Do you need a day off? Do you feel guilty because you don't have enough time to care for your loved one or enough money to get help for them? In this book, you will learn how to find the money to pay for Senior Care Services, how to eliminate your stress, exhaustion, time, and money restraints that cause you guilt, how to prevent you or your loved one from losing their hard earned savings, how to get the help you need for your loved one so you can stay healthy and happy, how to create a personalized plan for yourself and not just the ones you love. As a caregiver, if you're not healthy and you are constantly stressed, you won't be able to continue to take care of your loved ones. If you're under financial stress, this book will show you how to get the help and resources you need.
