Being!: Five Ways Of Leading Authentically In An Iconnected World Vikram Murthy, Aasha Murthy, 2019-09-24 Being Five ways of leading authentically in an iConnected world is rooted in leadership practice across

many sectors and its *raison d'être* is to build adaptiveness and resilience in uncertain times. It is credentialed by leaders who have honed their personal effectiveness, grown spiritually, and become more effective and impactful because of their engagement with its content. It channels wisdom at the intersection of many disciplines and multiple world views to provide deeper insight and meaning to the leadership dilemmas and choices that you constantly face. It integrates both western leadership thinking with its more evidence-based cognitive approaches and eastern philosophy with its more mystical and spiritually oriented homilies into a rich tapestry that engages your attention, challenges your capabilities, and leaves you richer and more fulfilled for the effort.

Would You Lie to Save a Life Michael Glenn Maness, 2007-09-12

Would You Lie to Save a Life: Love Will Find a Way Home: A Theology on the Ethics of Love In 1968 Commander Lloyd Bucher and the USS Pueblo were pirated on the high seas. They were held captive for 11 months, and Bucher was forced to sign a confession, forced to lie to save the lives of his men. How does Love impact that decision in a Christian theology? Love makes the world go round. Without Love, little else has value this side of heaven. In this dilemma between Love and Truth, Love was chosen over Truth, but not at the expense of all Truth. Between the deontological and teleological elements, time itself comes into play in the determination of the absolute rightness of the choice in perfect Love. How is as capable as Jesus was and is today? The course of Love is a sacred stewardship of time that is the highest exhibition of the Christian's own *Imago Dei* or image of God granted to us in creation. When we are able to follow the Scarlet Thread of obedience perfectly, it will lead straight through all of 1) the areas of complexity, uniting 2) all of the demands of all of the absolutes, and run dead center between 3) all of the ethical fine lines. These three areas are detailed specifically.

The Way to Love Matt Boswell, 2018-09-04

Love people. An oft-proclaimed rallying cry for Christians, but what does it look like in practice to love? We may believe that love is the greatest. 1 Cor 13:13. Love may be our destination. But do we know how to get there? This book addresses essential questions about the Christian life: What is a true, compelling, and helpful Christian understanding of love? What is spiritual growth supposed to do to us, or for us, or for others through us? How can we speak of grace and personal initiative in one theological vision? How do we go beyond a spirituality that is either too privatized and insular or too activist without the undergirding character needed to sustain such activism? How do we ensure love is not simply a principle we hold or a slogan we applaud, but a powerful force that perpetually grows in us and ripples out to others in concrete, transformative ways? This book is a guide to love. Drawing on virtue ethics, psychology, theology, and spirituality, it offers a love-centered, hopeful vision of the Christian spiritual life. The story in which God invites us to live is about a journey of love toward love. Is this your story?

Stoller,Alan Kolp,2017-09-15 The antidote to navigating turbulent times isn't more rules It is timeless virtue that creates sustainable value Thoughtful leaders are keenly aware of the enormous challenge they face to drive high performance in a world that continues to ratchet up pressure and uncertainty Some leaders respond by getting tough and establishing strict rules They get people in line but they don't inspire excellence Wise leaders on the other hand help their people practice character to navigate their way through the turbulence without lowering performance expectations As a result their people are more reliable under pressure Exception to the Rule links ancient wisdom with contemporary science on high performance teamwork and engagement Building an organizational culture based on classical virtues of trust compassion courage justice wisdom temperance and hope is both strategically
