Chariots Of The Gods Foehl:

Chariots of the Gods Erich von Daniken, 2019-06-27 All over the world there are fantastic ruins and objects that cannot be explained by conventional history archaeology or religion In the ground breaking Chariots of the Gods Erich von Daniken provides answers to these questions why do religious texts often refer to Gods who descend from fiery chariots Why do modern space launch sites look like constructions on the plains of Nazca in Peru Was God an astronaut By looking at human history and the ruins of ancient civilisations with an open mind Erich von Daniken offers a new solution to these eternal mysteries in Chariots of the Gods Why for instance do the world s sacred books describe Gods who came down from the sky in fiery chariots and always promised to return How could an ancient Sanskrit text contain an account which could only be of a journey in an alien craft Compare photographs of American space centre launch sites to the constructions on the plains of Nazca in Peru In order to understand the mysteries which Erich von Daniken has catalogued we must go back to these ancient relics with an open mind We must call in the resources and experience of sciences other than archaeology Chariots of the Gods is a provocative attempt to explain some of the universe s most interesting mysteries Erich von Daniken has spent a lifetime gathering evidence to prove that before the dawn of recorded history our ancestors were visited by an alien race Erich von Daniken was responsible for popularising the ancient astronaut hypothesis of human development Orthodox historians have been sceptical but a vast public have been drawn to his ideas by instinctive interest and wonder His 26 books have sold over 60 million copies in over 40 languages Chariots of the Gods? Erich von Däniken, 1970 Presents the theory that earth has been visited by extraterrestrial beings **The Gods Never Left Us** Erich von Däniken, 2017-11-20 The Long Awaited Sequel to the Worldwide Best seller Chariots of the Gods When Chariots of the Gods was published 50 years ago it began a worldwide change in humanity s view of the cosmos In an era of the military space race Erich von D niken boldly proclaimed that Earth had been visited by more advanced beings early in our history But prescientific man had no concept of space ships so he called their vehicles chariots and those driving the chariots became gods Over the next five decades von D niken s more than 40 books built an ever stronger case for Earth being visited by extraterrestrial visitors And Chariots became an international best seller with 30 million copies sold in more than two dozen languages Also during that time the case for ET visitations millennia ago was being reexamined by contemporary UFO researchers who found evidence of modern visitations And von D niken expanded his perspective to encompass the present Now he presents his long awaited sequel to Chariots of the Gods proclaiming that the gods never left us with all new material to show that ancient aliens are still with us The Gods Never Left Us contends that recent advancements in biotechnology astrophysics engineering and artificial intelligence not only give us a fresh perspective on his ancient astronaut theory but actually validates it We are as a race embarking on the exact same trajectory of our own interplanetary colonization just as von D niken suggested Earth itself was colonized ETs are definitely at work today And that affects all of us Why do they do what they do What could an

extraterrestrial species possibly gain from observing us in the same way we look at ants What have these strangers wanted for the past thousands of years Can t they leave us alone And what makes it so difficult for us to acknowledge the existence of these extraterrestrials That is what this book deals with Erich s newest book is a fascination journey from the ancient past into the present with a plethora of scientific evidence and documented research As always he adds his own to the point take on it all Readers may also like that his newest work moves in a slightly different direction from his past books A thoroughly enlightening and enjoyable Read Bruce Cunningham Director Ancient Mysteries International LLC Publisher of Advanced Archaeology Review magazine

Chariots of the God's Von Daniken E.,2000 **Twilight of the Gods** Erich von Däniken,2010-01-01 Dispels the prejudices and misconceptions that surround the Mayan Calendar 2012 and the existence of extraterrestrial life The Gold of the Gods Erich von Däniken,2011-06-17 Erich von D niken whose books have enthralled millions of readers around the world now presents astonishing new confirmation for his revolutionary theories Erich von D niken s The Gold of the Gods unveils new evidence of an intergalactic battle of the gods whose losers retreated to and settled Earth He explores a vast mysterious underworld of Ecuador caves filled with gold and writings in solid gold that go back to the time of the Great Flood bolstering von D niken s theory of a prehistoric earthly era of the gods Crash Go the Chariots! Clifford A. Wilson,1972 **History Is Wrong** Erich von Däniken,2025-09-12 History is Wrong will challenge your intellect and maybe a few long held beliefs This is Erich von Daniken s best book in years Erich von Daniken again shows his flair for revealing the truths that his contemporaries have missed After closely analyzing hundreds of ancient and apparently unrelated texts he is now ready to proclaim that human history is nothing like the world religions claim and he has the proof In History is Wrong Erich von Daniken takes a closer look at the fascinating Voynich manuscript which has defied all attempts at decryption since its discovery and makes some fascinating revelations about the equally incredible Book of Enoch Von Daniken also unearths the intriguing story of a lost subterranean labyrinth in Ecuador that is said to be home to an extensive library of thousands of gold panels He supplies evidence that the metal library not only has links to the Book of Enoch but also to the Mormons who have spent decades searching for it believing it to contain the history of their forefathers And what about the mysterious lines in the desert of Nazca that look like landing strips when viewed from the air Archeologists claim they are ancient procession routes Think again cries von Daniken as he reveals the data that the archeologists never even thought to check

Evidence of the Gods Erich von Däniken, 2025-09-12 Ancient humans had the natural urge to document the world in
which they lived a fact that is evident in the cave paintings and carvings that still exist today Why do rock paintings from
various sites around the world all seem to depict the same things Did the peoples of the prehistoric world have contact with
each another Is it possible that some were transported to far flung locations in what our ancestors could only have described
as flying chariots Erich von Däniken one of the best selling authors of all time and regarded by many as the father of the
ancient alien theory continues his mission to uncover Earth's ancient past this time with more than 150 extraordinary full
color photographs in Evidence of the Gods This extensively illustrated book features never before seen photographs from his
unique archive compiled throughout decades of searching around the world for traces of the cosmic gods whom he believes
came to Earth thousands of years ago Evidence of the Gods offers the best and most impressive evidence to date along with
concise explanations for the images to bolster the case that von Däniken has already been making quite convincingly for years
Evidence of the Gods is his most convincing and thoroughly entertaining work yet Did extraterrestrial visitors really leave
their unmistakable traces on our planet thousands of years ago The images will speak for themselves
