Introduction

The achievement of workplace equity in the United States employment field remains one of the most difficult cases that courts have to deal with. The key people that have been affected by workplace discrimination being mostly marginalized individuals, people of color and women. There have been prevalent discrimination in employment, consumer markets, the transportation industry, and education throughout the United States (Turner, 2020). Despite the United States being a country with complex labor history, the nation is still struggling to reconcile some key past atrocities. Among them are the slavery and Jim Crow that has articulated and advocated for justice and equity for all. Workplace discrimination remains a key challenge despite efforts to implement a national policy on equality in employment opportunities.

This case study aims to evaluate some of the key questions that entail: Why workplace discrimination remains a central justice issue in American culture? Secondly, how does the Title VII of the Civil Rights Act help to alleviate challenges brought about by workplace discrimination? Thirdly, what are the ways that can be used to address the gap in awareness that may lead to employer liability? This study is significant because it will help provide insight into a critical aspect facing the court system in the United States since Title VII of the Civil Rights Act was enacted. The paper follows a thesis that aims at studying race discrimination in the workplace since Title VII was enacted.

Literature Review

According to Astrada (2017), America has been facing a period marred with an oppressive employment system of legal segregation and slavery for almost ten decades. However, the author provides an insight into the matter by claiming that the policy concerning workplace discrimination took a dramatic turn in the early 1960s upon adoption of the Title VII of the Civil Rights Act by Congress (Astrada, 2017). The move served as the first legislative stand that propelled the nation towards realizing the
